SEP 10 2014

Dear Interested Public:

The Bureau of Land Management is extending the comment period for the Pueblo Mountain preliminary Environmental Assessment by 10 days and would appreciate receiving comments by the close of business on September 20, 2014. The extension was needed due to an error in the email address noted in the first announcement. Written comments should be directed to Morgan Lawson, Project Lead, BLM Winnemucca Field Office, 5100 E. Winnemucca Blvd., Winnemucca NV 89445-2921. Comments can also be submitted by email to **wfoweb@blm.gov**. Email messages should include "Pueblo Mountain EA (Morgan Lawson)" in the subject line.

The BLM developed an environmental assessment DOI-BLM-NV-W010-2012-0032-EA for the renewal of the Pueblo Mountain Allotment Ten Year Grazing Permit and has made it available for public review and comment. The EA evaluated the proposed grazing system and management objectives that would meet the Standards for Rangeland Health or make significant progress toward meeting these standards within the Pueblo Mountain Allotment. It can still be reviewed online at: http://on.doi.gov/1mG7tMH or in hardcopy at the BLM Winnemucca Field Office. Hardcopies are also available upon request.

Your address, phone number, e-mail address, or other personal identifying information in your comment, will be made publicly available when the grazing decision is issued. While some information such as your phone number and e-mail address are optional, your mailing address must be included to keep you informed regarding the grazing decision and any appeals in accordance with 43 CFR 4.471(b)(1). After the public review has ended, comments will be analyzed and considered as part of the decision making process.

Sincerely,

/s/ James W. Schroeder

James W. Schroeder
