BLM to Hold Travel Management Public Workshops

The Bureau of Land Management (BLM), Carson City District will be implementing a system of designated routes for all modes of travel (motorized and non-motorized) as part of the Resource Management Plan (RMP) effort. The BLM will be holding public workshops to obtain input from the public and other stakeholders on the travel management planning process.

The workshop objectives are:

- Provide an overview of how travel management and route designations coincide with the RMP effort.
- Obtain information on routes, uses, and conflicts in high-use areas on BLM-administered lands.
- Have participants identify existing access points and other issues regarding travel on BLM-administered lands.

The workshops will be held on October 10, from 5-7 p.m., in Reno, Nev., at John Ascuaga's Nugget Poolside Terrace Room, 1100 Nugget Avenue, on October 16, from 5-7 p.m., in Fallon, Nev., at the Fallon Convention Center, 100 Campus Way, in Fallon, on October 18, from 5-7 p.m., in Minden, Nev., at the Carson Valley Inn, Pinenut/Douglas Room, 1627 U.S. Highway 395 North.

BLM staff will be available to answer questions. Comment forms will be provided to collect public input. For more information and to view the draft route inventory maps go to: http://www.blm.gov/nv/st/en/fo/carson_city_field.html (Click on the link to the Carson City District Resource Management Plan Revision, and then the link to maps).

Input gathered during the workshops will help the BLM create a comprehensive route inventory. This route inventory will form the basis for a system of designated routes to guide all modes of travel in the Carson City District. A range of route designations will be presented for public comment alongside the Draft RMP, currently scheduled to be released in spring 2014.

For more information regarding the workshops or the RMP, please contact Colleen Sievers, project manager, at: 775-885-6000.
