Notes Regarding the Dominguez-Escalante National Conservation Area Proposed Resource Management Plan & Final Environmental Impact Statement

After preparation and public release of the Dominguez-Escalante National Conservation Area Proposed Resource Management Plan and Final Environmental Impact Statement (Proposed RMP), the following errors were found. These errors apply to all formats for the Proposed RMP (printed, CD, and online HTML and PDF). Because these errors were found after the Proposed RMP was released, they are not corrected in the document. These changes are consistent with existing explanations elsewhere in the document.

The online version of this errata sheet is updated periodically when errors are discovered and can be found under **Documents & Reports** at the BLM National Land Use Planning Register (ePlanning) D-E NCA website: <http://1.usa.gov/lqKkMVi>.
