

6/2/2015

This data was used to create maps and conduct analysis for the Resource Management Plan revision for the Buffalo Field Office. All efforts have been made to create a foundation dataset for the public to conduct their own analyses as of the date of distribution. The data distributed is considered final data and complete metadata has been produced for all layers.

No warranty is made by the Bureau of Land Management as to the accuracy, reliability, or completeness of these data for individual use or aggregate use with other data. The Bureau of Land Management shall not be held liable for improper or incorrect use of the data described and/or contained herein. These data and related graphics, if available, are not legal documents, and are not intended to be used as such. The information contained in these data is dynamic and may change over time. It is the responsibility of the data user to use the data appropriately and consistently within the limitations of geospatial data in general and these data in particular. The related graphics are intended to aid the data user in acquiring relevant data; it is not appropriate to use graphics as data. Although these data have been processed successfully on computer systems at the Bureau of Land Management, no warranty, expressed or implied, is made regarding the utility of the data on other systems for general or scientific purposes, nor shall the act of distribution constitute any such warranty.

Certain datasets are not distributable by the Bureau of Land Management and the public will need to request those datasets from the appropriate source. Those include the following:

- Sage-Grouse leks, Wyoming Game and Fish Department, <http://gf.state.wy.us/>
- Big Game Ranges, Wyoming Game and Fish Department, <http://gf.state.wy.us/>
- Wildlife Habitat Management Areas, Wyoming Game and Fish Department, <http://gf.state.wy.us/>
- Greater Sage-Grouse Core Area Boundaries, <http://gf.state.wy.us/>
- Fish Streams, <http://gf.state.wy.us/>
- Oil and Gas Wells, Wyoming Oil and Gas Conservation Commission, <http://wogcc.state.wy.us/>
- Oil and Gas Units and Leases, must be purchased from IHS, <https://www.ihs.com/products/oil-gas-us-land-data.html> or digitized from <http://www.blm.gov/lr2000/>
- Soil Survey Information, NRCS, <http://websoilsurvey.nrcs.usda.gov/app/HomePage.htm>
- Topography, (Digital Elevation Models), USGS, <http://www.usgs.gov/pubprod/>
- Impaired Water Bodies, Wyoming DEQ, <http://deq.state.wy.us/>

If you have additional questions, please contact Diane Adams, GIS Specialist at the Buffalo Field Office, (307) 684-1061.
