Map 3-2 Physical Resources Lands with Poor Reclamation Suitability

-  Bureau of Land Management
 -  Department of Defense
 -  Forest Service
 -  Private
 -  State
 -  Lands with Poor Reclamation Suitability (derived from NRCS 'Source of Reclamation Material' interpretation).¹
- ¹Source: Natural Resources Conservation Service, 2010.

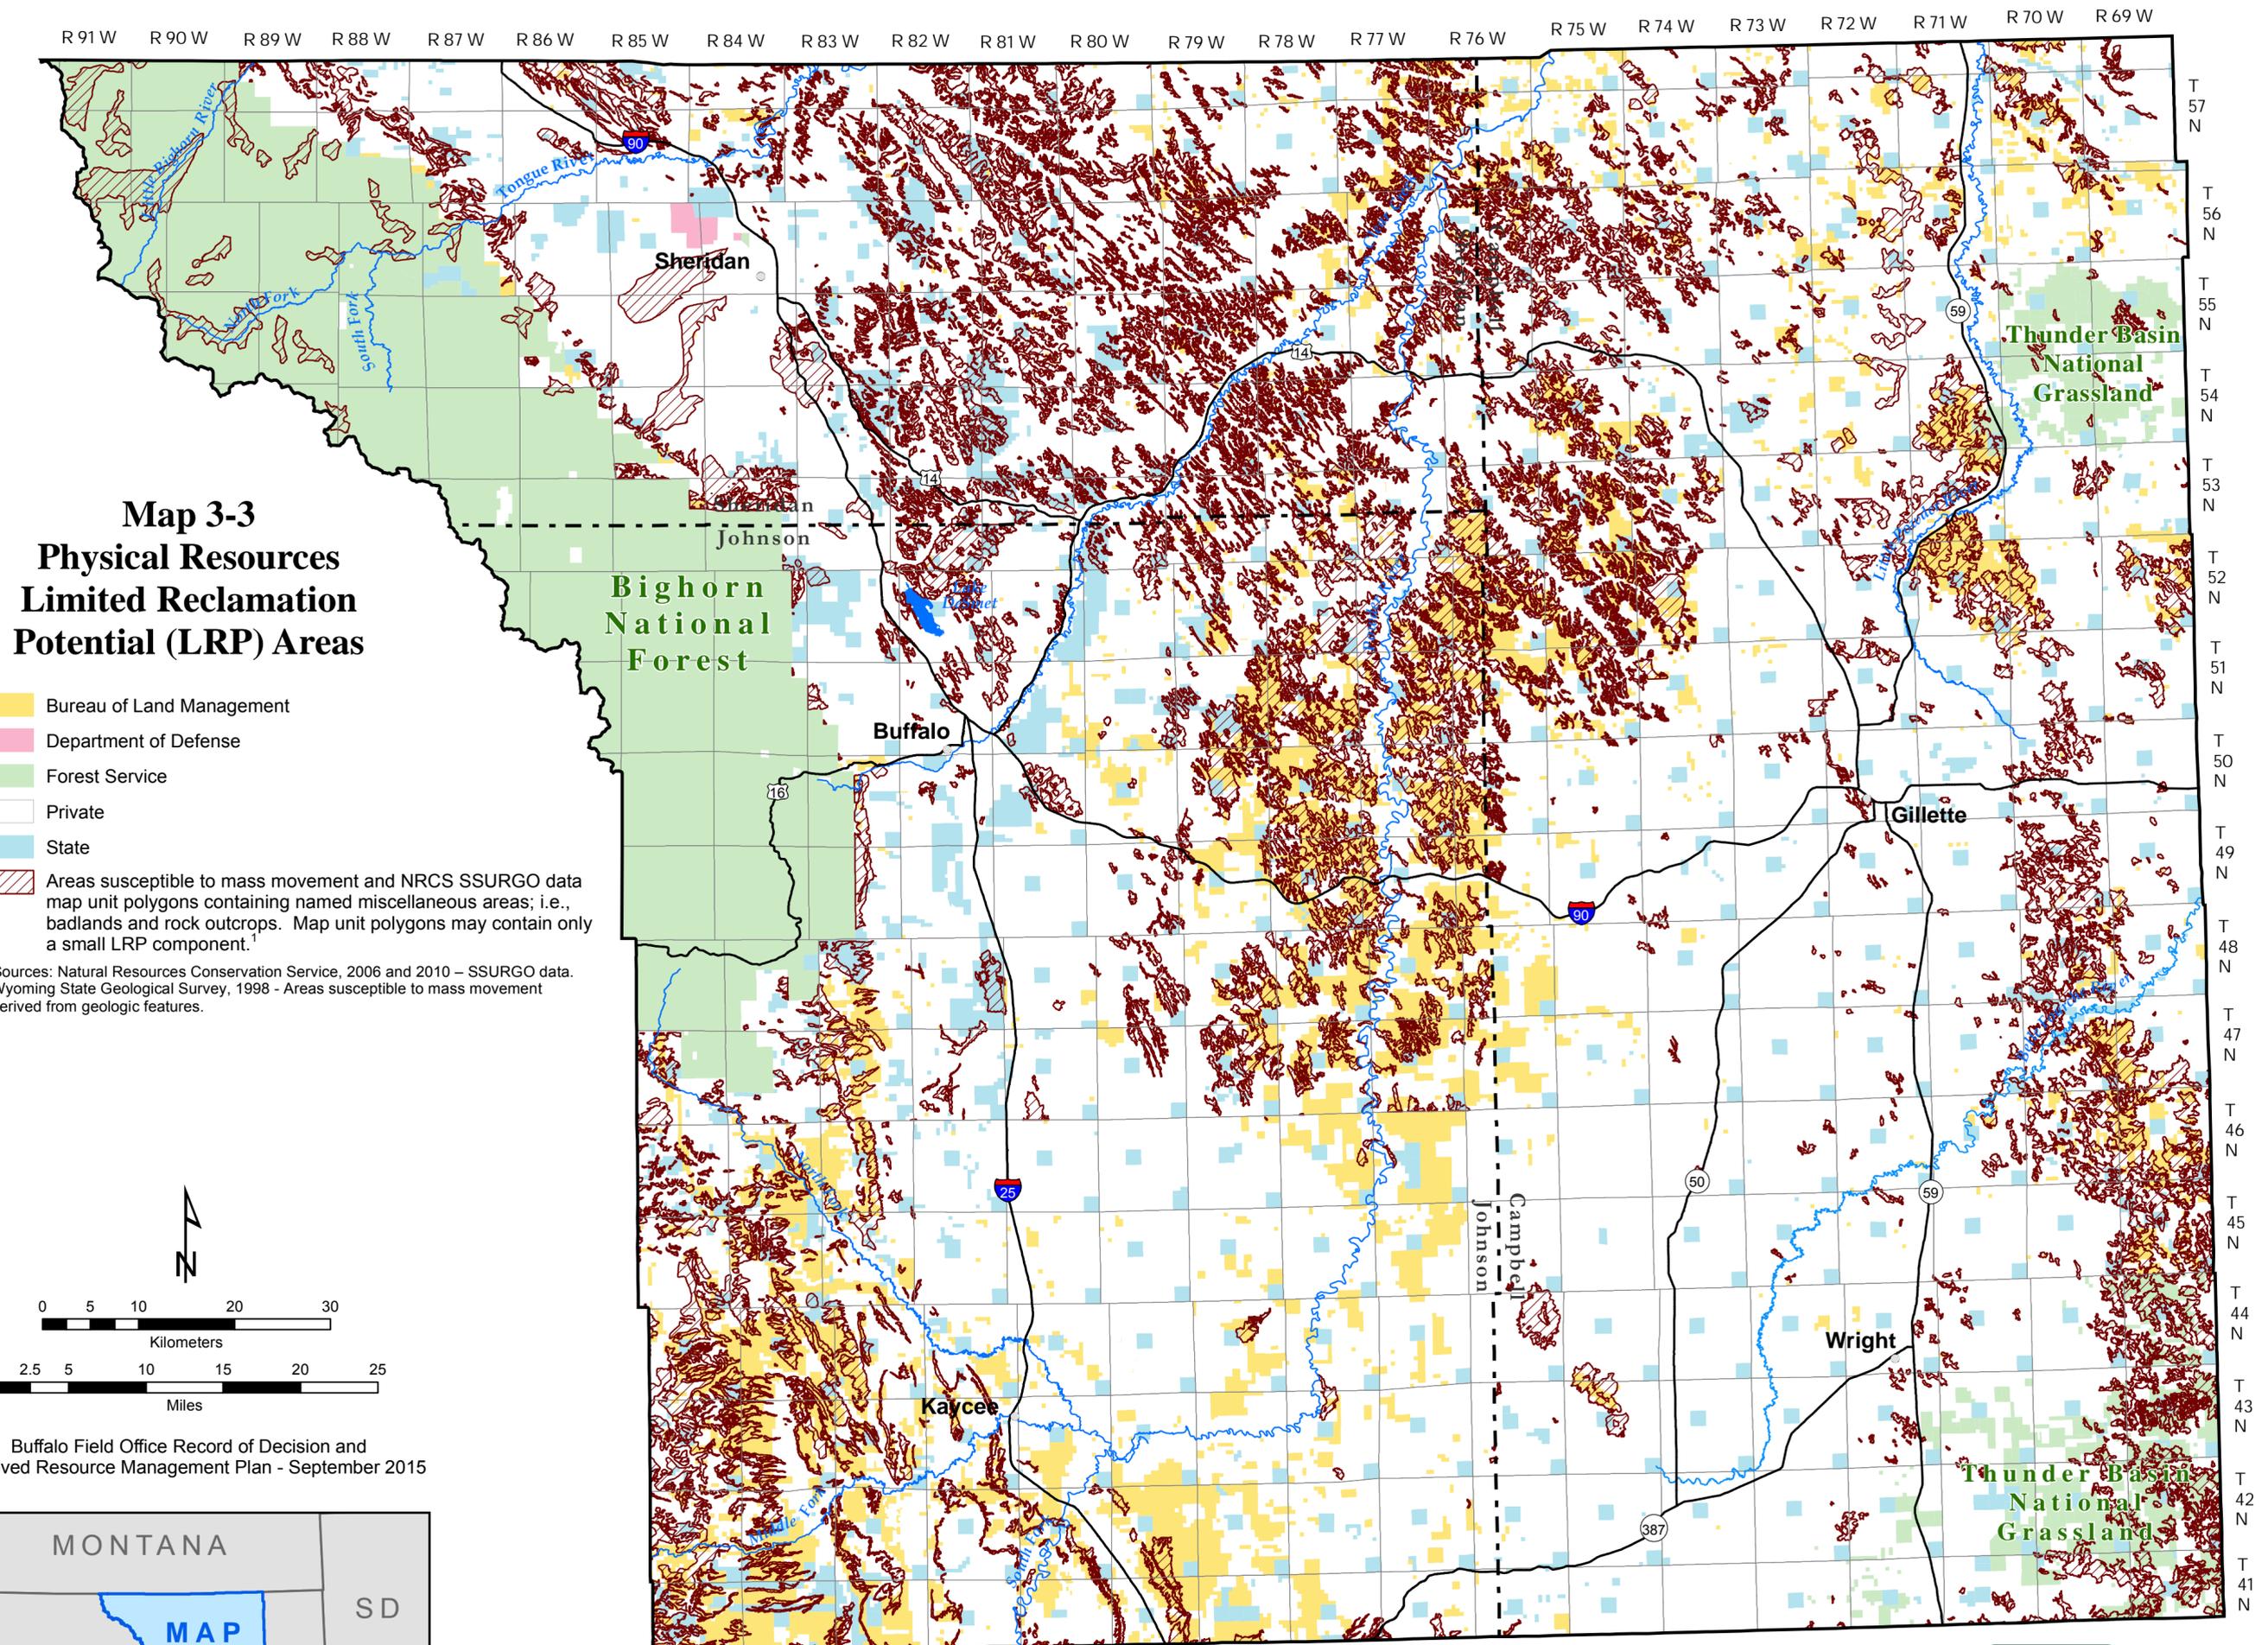

Buffalo Field Office Record of Decision and
Approved Resource Management Plan - September 2015

Note: The BLM does not administer federally owned surface estate within the administrative boundaries of Bighorn National Forest or Thunder Basin National Grassland, including deciding which Forest Service lands are available for fluid mineral leasing or how a lease can be developed. The area within these boundaries is not part of the RMP analysis. The BLM administers federally owned fluid mineral estate within these USFS units in conjunction with the USFS and their land use management plans.

NO WARRANTY IS MADE BY THE BUREAU OF LAND MANAGEMENT FOR USE OF THE DATA FOR PURPOSES NOT INTENDED BY BLM.
