Subject: RE: Nevada State Clearinghouse Notice E2016-052 (Bi State Sage Grouse - Opportunity to Comment on Significant Changes to the Proposed Plan as Set Forth in the EIS)

Dear Skip,

Thank you for sharing the Bureau of Land Management's (BLM's) Notice of Action in the *Federal Register* 80/219 (2015):70253-70254 regarding the "Opportunity to Comment on Changes to the Nevada and California Greater Sage-Grouse Bi-State Distinct Population Segment Carson City Field Office Consolidated Resources Management Plan and the Tonopah Field Office Resource Management Plan Amendment, Nevada" through the Nevada State Clearinghouse.

I have read the Notice with care, and it is very clear in outlining the four areas in which the BLM received protest letters and to which they will respond by issuing a Record of Decision (ROD) that amends the *Carson City Field Office Consolidated Resources Management Plan* as well as the *Tonopah Field Office Resource Management Plan* in four areas: (1) establishing total anthropogenic disturbance levels within Bi-state Sage Grouse habitat; (2) adjusting buffers for tall structures near active or pending leks; (3) adding a restriction for new high-power transmission lines (i.e., lines, corridors, rights-of-way, or other facilities \geq 120kV); and (4) clarifying language from Alternative C so as to provide for management of habitat connectivity.

The State Historic Preservation Office (SHPO) has no cultural resources/historic preservation concerns resulting from the proposed Management Plan amendments.

As always, thank you for the opportunity to review and comment on these materials. Should you have any questions regarding these comments, please do not hesitate to contact me directly.

Best,

Julie
