Subject: Comments: Land Use Plan Amendment

To: blm\_nv\_ccdowebmail@blm.gov

In regards to the NV & CA Greater Sage Grouse Bi-State Distinct Population Segment Land Use Plan Amendment, I must agree with the Blue Ribbon Coalition concerns.

Apparently the BRC seems to be unclear exactly what changes, if any, are being proposed for Off Highway Vehicles and their use on those lands. The 4-mile lek buffers for OHV riding and the seasonal restrictions have no scientific support, yet would severely impact OHV riders. I, too, am frustrated with the ambiguity.

My concerns are the restriction to OHV riders such as myself.

I support the sage-grouse related OHV management prescriptions as outlined in BRC's December 17 2013 comment letter to the NV BLM.

Thank you for your interest in this comment.

Best regards,
