Subject: Proposed changes to the BSSG EIS

To: [blm\\_nv\\_ccdowebmail@blm.gov](mailto:blm_nv_ccdowebmail@blm.gov)

To whom it may concern,

I have read the proposed changes to the BSSG EIS and find them to be ambiguous in regard to their impact on OHV regulations.

I am an avid OHV user and I am opposed to any additional restrictions on OHV access beyond those set out in the original draft EIS.

Furthermore, I would like to declare my support for the sage grouse related OHV recommendations laid out in the letter from the Blue Ribbon Coalition in their letter to the Nevada BLM dated December 17, 2013.

Thank you,

Kevin McBean
