

APPENDIX 12—SEASONAL WILDLIFE STIPULATIONS FOR ALL SURFACE DISTURBING ACTIVITIES

ALTERNATIVE 1

**Table A12-1. Seasonal Wildlife Stipulations for All Surface Disturbing Activities—
Alternative 1**

Affected Areas	Restriction	Restricted Area
Big Game Crucial Winter Ranges	November 15–April 30	Pronghorn, elk, moose, and mule deer crucial winter ranges
Parturition Areas	May 1–June 30	Designated parturition areas
Greater Sage-Grouse Leks	8 p.m.–8 a.m., March 1–May 15	Within ¼ mile of an occupied lek
Greater Sage-Grouse Nesting Habitat	March 15–July 15	Within 2 miles of an occupied lek
Winter Sage-Grouse Habitat	November 15–March 14	Within identified winter habitat
Mountain Plover Nest	April 10–July 10	Determine on case-by-case basis
Bald Eagle Nest	February 1–August 15	Within 1-mile radius
Bald Eagle Winter Roost	November 1–April 1	Within 1-mile radius
Golden Eagle Nest	February 1–July 31	Within ½ -mile radius
Osprey Nest	February 1–July 31	Within ½-mile radius
Swainson's Hawk Nest	February 1–July 31	Within ½-mile radius
Ferruginous Hawk Nest	February 1–July 31	Within 1-mile radius
Goshawk Nest	February 1–July 31	Within ½-mile radius
Prairie Falcon Nest	February 1–July 31	Within ½-mile radius
Rough-Legged Hawk Nest	February 1–July 31	Within ½-mile radius
American Kestrel Nest	February 1–July 31	Within ½-mile radius
Northern Harrier Nest	February 1–July 31	Within ½-mile radius
Great Horned Owl Nest	February 1–July 31	Within ½-mile radius
Short-Eared Owl Nest	February 1–July 31	Within ½-mile radius
Red-Tailed Hawk Nest	February 1–July 31	Within ½-mile radius
Burrowing Owl Nest	February 1–July 31	Within ½-mile radius
Other Raptor Nests	February 1–July 31	Within ½-mile radius

ALTERNATIVE 2

**Table A12-2. Seasonal Wildlife Stipulations for All Surface Disturbing Activities—
Alternative 2**

Affected Areas	Restriction	Restricted Area
Mountain Plover Nest	April 10–July 10	Determine on case-by-case basis
Bald Eagle Nest	February 1–August 15	Within 1-mile radius
Bald Eagle Winter Roost	November 1–April 1	Within 1-mile radius
Golden Eagle Nest	February 1–July 31	Within ½-mile radius
Osprey Nest	February 1–July 31	Within ½-mile radius
Swainson’s Hawk Nest	February 1–July 31	Within ½-mile radius
Ferruginous Hawk Nest	February 1–July 31	Within 1-mile radius
Goshawk Nest	February 1–July 31	Within ½-mile radius
Prairie Falcon Nest	February 1–July 31	Within ½-mile radius
Rough-Legged Hawk Nest	February 1–July 31	Within ½-mile radius
American Kestrel Nest	February 1–July 31	Within ½-mile radius
Northern Harrier Nest	February 1–July 31	Within ½-mile radius
Great Horned Owl Nest	February 1–July 31	Within ½-mile radius
Red-Tailed Hawk Nest	February 1–July 31	Within ½-mile radius
Short-Eared Owl Nest	February 1–July 31	Within ½-mile radius
Burrowing Owl Nest	April 1–August 15	Within ½-mile radius
Other Raptor Nests	February 1–July 31	Within ½-mile radius

ALTERNATIVE 3

**Table A12-3. Seasonal Wildlife Stipulations for All Surface Disturbing Activities—
Alternative 3**

Affected Areas	Restriction	Restricted Area
Big Game Crucial Winter Ranges	November 15–April 30	Pronghorn, elk, moose, and mule deer crucial winter ranges (in the oil and gas Intensively Developed Areas)
Parturition Areas	May 1–June 30	Designated parturition areas
Greater Sage-Grouse Leks	March 1–May 15	Within 1 mile of an active lek (in the oil and gas Minimally Developed and Unavailable Areas)
Greater Sage-Grouse Nesting Habitat	March 15–July 15	Within 3 miles of an active lek (in the oil and gas Minimally Developed and Unavailable Areas)

Affected Areas	Restriction	Restricted Area
Mountain Plover Nest	April 10–July 10	Determine on case-by-case basis (in the oil and gas Minimally Developed and Unavailable Areas)
All Active Raptor Nests	February 1–July 31	Within ½-mile radius (in the oil and gas Minimally Developed and Unavailable Areas)
Bald Eagle Nest	February 1–August 15	Within 1-mile radius
Bald Eagle Winter Roost	November 1–April 1	Within 1-mile radius
Golden Eagle Nest	February 1–July 31	Within ½-mile radius
Great Horned Owl Nest	February 1–July 31	Within ½-mile radius
Red-Tailed Hawk Nest	February 1–July 31	Within ½-mile radius
Osprey Nest	April 1–July 31	Within ½-mile radius
Swainson's Hawk Nest	April 1–July 31	Within ½-mile radius
Goshawk Nest	April 1–August 31	Within ½-mile radius
Prairie Falcon Nest	April 1–July 31	Within ½-mile radius
Rough-Legged Hawk Nest	February 1–July 31	Within ½-mile radius
American Kestrel Nest	February 1–July 31	Within ½-mile radius
Northern Harrier Nest	April 1–July 31	Within ½-mile radius
Ferruginous Hawk Nest	February 1–July 31	Within 1-mile radius (in the oil and gas Minimally Developed and Unavailable Areas)
Short-Eared Owl Nest	February 1–July 31	Within ½-mile radius
Burrowing Owl Nest	April 1–August 15	Within ½-mile radius (in the oil and gas Minimally Developed and Unavailable Areas)
CRCT Habitat	June 1–August 15	Within the stream

ALTERNATIVE 4

**Table A12-4. Seasonal Wildlife Stipulations for All Surface Disturbing Activities—
Alternative 4**

Affected Areas	Restriction	Restricted Area
Big Game Crucial Winter Ranges	November 15 – April 30	Pronghorn, elk, moose and mule deer crucial winter ranges
Parturition Areas	May 1–June 30	Designated parturition areas
Elk Feedgrounds	November 15–April 30	Within elk feedgrounds
Greater Sage-Grouse Leks	8 p.m.–8 a.m., March 1 – May 15	Within ¼ mile of an occupied lek (in the oil and gas Minimally Developed, Large Block NSO, and Unavailable Areas)

Affected Areas	Restriction	Restricted Area
Greater Sage-Grouse Nesting Habitat	March 15–July 15	Within 2 miles of an occupied lek (in the oil and gas Minimally Developed, Large Block NSO, and Unavailable Areas)
Sage-Grouse Winter Habitat	November 15–March 15	Within identified winter habitat (in the oil and gas Minimally Developed, Large Block NSO, and Unavailable Areas)
Mountain Plover Nest	April 10–July 10	Determine on case-by-case basis (in the oil and gas Minimally Developed, Large Block NSO, and Unavailable Areas)
Bald Eagle Nest	February 1–August 15	Within 1-mile radius
Bald Eagle Winter Roost	November 1–April 1	Within 1-mile radius
Golden Eagle Nest	February 1–July 31	Within ½-mile radius
Osprey Nest	February 1–July 31	Within ½-mile radius
Swainson's Hawk Nest	February 1–July 31	Within ½-mile radius
Ferruginous Hawk Nest	February 1–July 31	Within 1-mile radius (in the oil and gas Minimally Developed, Large Block NSO, and Unavailable Areas)
Goshawk Nest	February 1–July 31	Within ½-mile radius
Prairie Falcon Nest	February 1–July 31	Within ½ mile radius
Rough-Legged Hawk Nest	February 1–July 31	Within ½-mile radius
American Kestrel Nest	February 1–July 31	Within ½-mile radius
Northern Harrier Nest	February 1–July 31	Within ½-mile radius
Great Horned Owl Nest	February 1–July 31	Within ½-mile radius
Red-Tailed Hawk Nest	February 1–July 31	Within ½-mile radius
Short-Eared Owl Nest	February 1–July 31	Within ½-mile radius
Burrowing Owl Nest	April 1–August 15	Within ½-mile radius (in the oil and gas Minimally Developed, Large Block NSO, and Unavailable Areas)
Other Raptor Nests	February 1–July 31	Within ½-mile radius
CRCT Habitat	June 1–August 15	Within the stream
