

# Wyoming Greater Sage-Grouse Draft Land Use Plan Amendment and Draft Environmental Impact Statement

## Right-of-Way Restrictions

### Alternative A:

Portions of sage-grouse core and general habitat areas would be managed as right-of-way (ROW) exclusion and avoidance areas.

### Alternative B:

Sage-grouse priority habitat areas would be managed as exclusion areas for new ROW or Forest Service special use authorization (SUA) permits.

Sage-grouse general habitat areas would be managed as avoidance areas for new ROWs or SUAs, except for areas currently managed as ROW exclusion areas.

### Alternative C:

Sage-grouse priority and general habitat areas would be managed as ROW exclusion areas for new ROW or SUA permits.

### Alternative D:

Sage-grouse core habitat areas would be managed as ROW exclusion areas for new ROW or SUA permits.

### Alternative E:

Sage-grouse core habitat areas would be managed as ROW avoidance areas for new ROW or SUA permits.

Portions of sage-grouse general habitat areas would be managed as ROW avoidance areas.

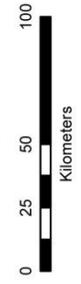

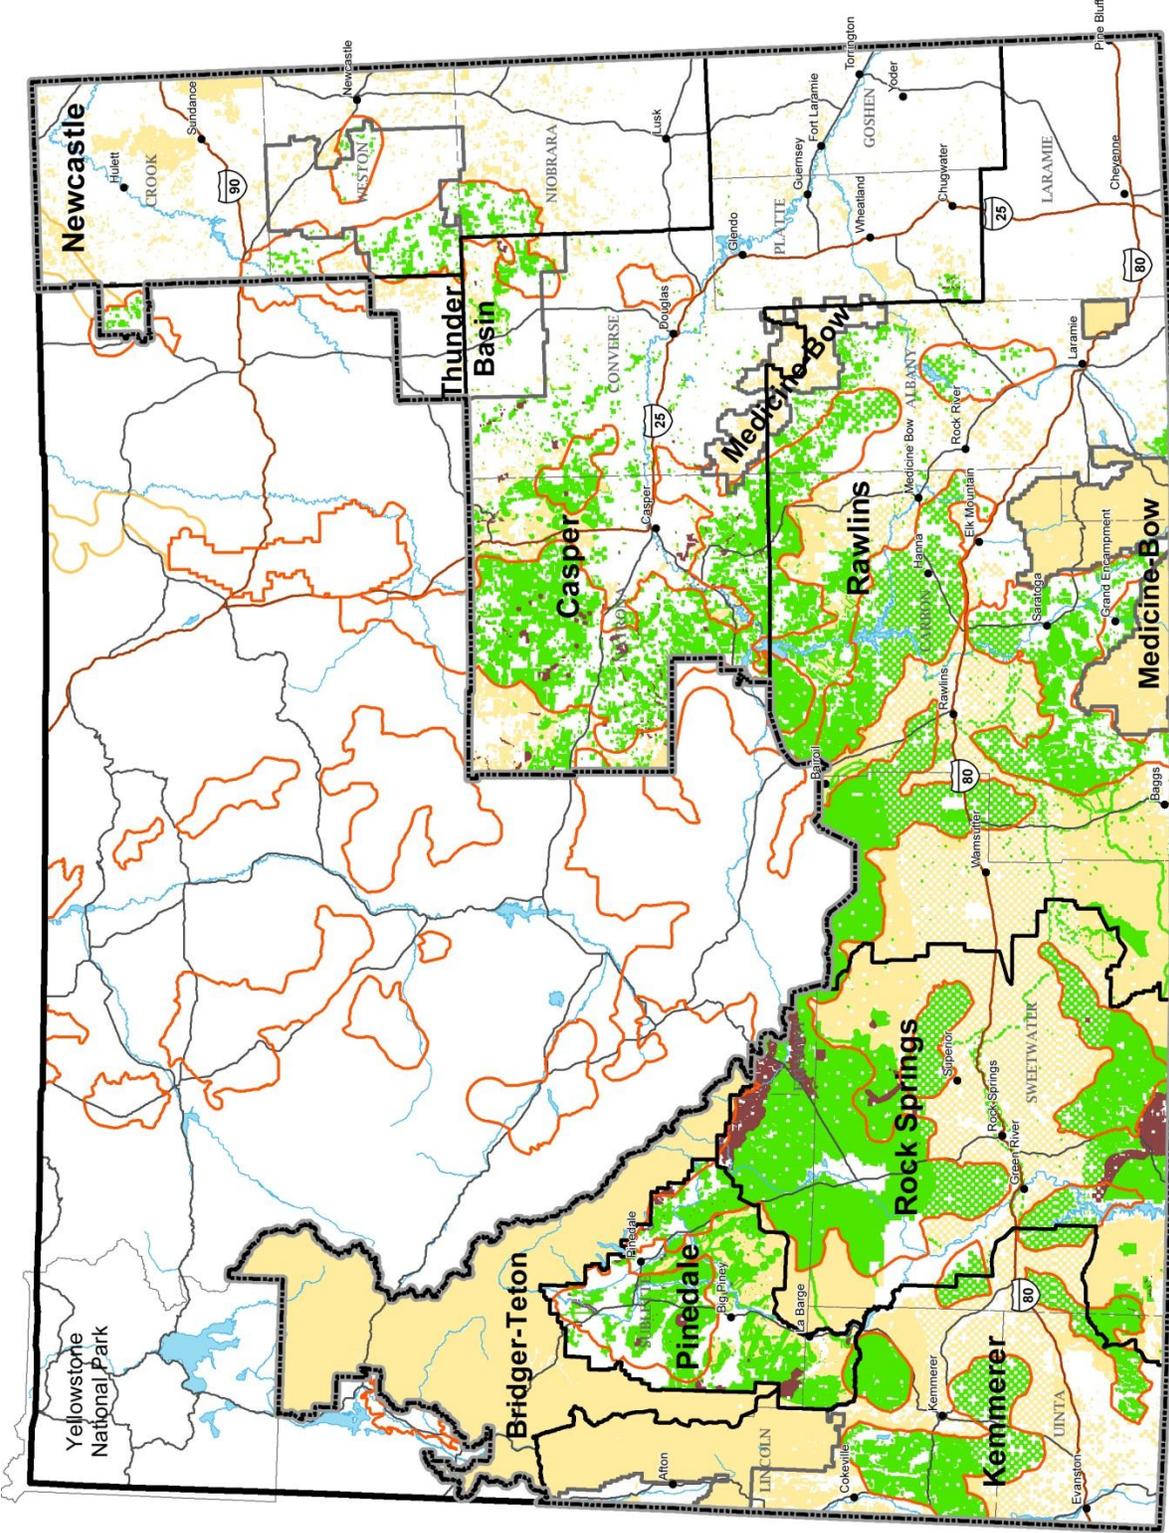

---

\*\*For more information on management actions pertaining to ROW restrictions, please refer to Chapter 2 of the *Wyoming Greater Sage-Grouse Draft Land Use Plan Amendment and Draft EIS*.
