Grand View, ID 83624

**Notice of Field Manager's Decision**

Dear Mr. Jones:

I have received your request for a temporary crossing permit to trail livestock from private lands within the Bruneau Canyon across public lands to the Seventy-One Desert Allotment (#01099). Upon review, and in accordance with 43 CFR 4130.6-3, 43 CFR 4160.1(a) and Section 123 of the 2012 Appropriations Omnibus Act, your application for a temporary crossing permit is approved, with conditions.

**Background**

Your crossing permit application requested authorization to trail 1,050 head of cattle from private lands within the Bruneau Canyon near Indian Hot Springs across un-allocated public lands and into the Seventy-One Desert Allotment (#01099). Trailing activities are scheduled to occur for one day between December 1, 2012 and December 10, 2012, depending on weather conditions. The BLM prepared Environmental Assessment (EA) No. DOI-BLM-ID-T010-2012-0004-EA<sup>1</sup> to analyze the environmental consequences of trailing livestock throughout the Jarbidge Field Office. After reviewing EA No. DOI-BLM-ID-T010-2012-0004-EA, I determined that livestock trailing would not result in any significant impacts and issued a Finding of No Significant Impact on November 16, 2012.

---

<sup>1</sup> EA No. DOI-BLM-ID-T010-2012-0004-EA and its associated Finding of No Significant Impact are available through [https://www.blm.gov/epl-front-office/eplanning/nepa/nepa\\_register.do](https://www.blm.gov/epl-front-office/eplanning/nepa/nepa_register.do). Select State = **Idaho**, Office = **ID-Jarbidge FO**, Document Type = **EA**, Fiscal Year = **2012**, Program = **All**, then click **Search**. Once you arrive here, click on **DOI-BLM-ID- T010-2012-0004-EA**. If you are unable to view the documents on the website, you may request that hard copies be sent to you.

## Decision and Rationale

I have decided to issue you a crossing permit to trail 1,050 head of cattle across the public lands as described above along the authorized trailing route (see attached map) analyzed under Alternative 2 of EA No. DOI-BLM-ID-T010-2012-0004-EA. As described in the Finding of No Significant Impact for the EA, I found none of the impacts associated with this trailing event to be significant either individually or cumulatively. Therefore, you are authorized to conduct crossing activities for 1 day between December 1, 2012 and December 10, 2012 in accordance with the terms and conditions listed in the attached permit. My reasons for approving your application with the additional terms and conditions are to minimize potential impacts to soils, vegetation, riparian areas, wildlife habitat, and cultural resources.

My decision is in conformance with the 1987 Jarbidge Resource Management Plan. The RMP authorizes livestock grazing within the grazing allotments of the Jarbidge Field Office. It is reasonable to assume that livestock trailing is an action connected to livestock grazing management and, therefore, trailing is in conformance with the RMP. This action would not result in a change in the scope of resource use or a change in the terms, conditions, and decision of the approved RMP.

BLM analyzed four alternatives (Proposed Action and Alternatives 1-3) and considered one additional alternative that was not analyzed in detail (see Chapter 2 of EA No. DOI-BLM-ID-T010-2012-0004-EA). The Proposed Action included the proposed trailing activities as submitted in the crossing permit application. Alternative 1 was the no action alternative and would have denied all applications for crossing permits. Alternative 2 established 1-mile wide trailing corridors across the Jarbidge Field Office. Alternative 3 was developed in response to public comments and reduced the trailing corridor width and locations across the Jarbidge Field Office.

All terms and conditions described in the temporary crossing permit are incorporated by reference into this decision and must be followed. Terms and conditions that are specifically identified to reduce environmental effects are:

### Terms and Conditions

- Trailing will occur along the route outlined on the attached map.
- Trailing will not be authorized during times when soils are saturated.
- Livestock trailing across canyons, live streams, riparian areas, and wetlands will be restricted to pre-determined locations as shown on the attached map.
- Active herding/trailing is required within riparian areas and all livestock will be removed from the Riparian Conservation Area following the trailing event.
- Livestock trailing in designated Wilderness areas is limited to a 60-foot wide corridor along existing cherry stem roadways.

- Areas used for staging vehicles, horse trailers, fence panels, etc. will avoid sagebrush areas; if this is not possible, previously disturbed sites will be used, such as areas around stock ponds or troughs, past seedings, or other grassland sites.
- Use of motorized vehicles associated with trailing is restricted to existing roads.

The temporary crossing permit will be signed by the applicant and the Jarbidge Field Manager, or his authorized representative, prior to the trailing event.

### **Authority**

My decision is issued under the authority found in:

Title 43 of the Code of Federal Regulations (CFR) Subpart 4100 Grazing Administration, specifically sections 4100.0-3, 4130.6-3, 4130.3, 4160.1, 4160.3, and 4130.8-1b;

the 2012 Appropriations Omnibus Act Sec. 123; and

the 1987 Jarbidge Resource Management Plan which allocates livestock uses in the affected allotments.

### **Protest and/or Appeal**

My decision is not subject to protest or appeal in accordance with Section 123 of the 2012 Appropriations Omnibus Act.

If you have any questions, please contact me at (208) 736-2380 or Erik Kriwox at (208) 736-2365.

Sincerely,

Brian W. Davis  
Field Manager

# Simplot Livestock Co. Fall Trailing 2012 71 Desert Allotment

UNITED STATES DEPARTMENT OF THE INTERIOR  
BUREAU OF LAND MANAGEMENT

**CROSSING PERMIT**

Bureau of Land Management  
Jarbidge Field Office  
2536 Kimberly Road  
Twin Falls, ID 83301

Simplot Livestock Co.  
c/o Chuck Jones  
1301 Hwy. 67  
Grand View, ID 83624

This Crossing permit is offered to you under 43 CFR Part 4100. You are authorized to cross lands that are under the jurisdiction of the Bureau of Land Management and covered by this permit, upon acceptance of ALL terms and conditions of this permit and payment of fees when due. Contact your local BLM office at 736-2350 if you have any questions.

**MANDATORY TERMS AND CONDITIONS:**

Allotment Number	Allotment Name	Livestock Number	Livestock Kind	Crossing Begin	Crossing End	% PL	Number of Days	AUMs
01099	71 Desert	1050	Cattle	12/01/12	12/10/12	100	1	35

**OTHER TERMS AND CONDITIONS:**

- Livestock trailing will be in accordance with the Notice of Field Manager's Decision dated November 16, 2012.
- Trailing will occur along the route outlined on the attached map.
- Trailing will not be authorized during times when soils are saturated.
- Livestock trailing across canyons, live streams, riparian areas, and wetlands will be restricted to pre-determined locations as shown on the attached map.
- Active herding/trailing is required within riparian areas and all livestock will be removed from the Riparian Conservation Area following the trailing event.
- Livestock trailing in designated Wilderness areas is limited to a 60-foot wide corridor along existing cherry stem roadways.
- Areas used for staging vehicles, horse trailers, fence panels, etc. will avoid sagebrush areas; if this is not possible, previously disturbed sites will be used, such as areas around stock ponds or troughs, past seedings, or other grassland sites.
- Use of motorized vehicles associated with trailing is restricted to existing roads.

**STANDARD TERMS AND CONDITIONS:**

This permit: 1. Conveys no right, title or interest held by the United States in any lands or resources and 2. is subject to (A) modification, suspension or cancellation as provided by land plans and applicable law; (B) review and modification of terms and conditions as appropriate; and (C) the Taylor Grazing Act, as amended, the Federal Land Policy and Management Act, as amended, the Public Rangelands Improvement Act, and the rules and regulations now or hereafter promulgated thereunder by the Secretary of the Interior.

- Billing notices are issued which specify fees due. Billing notices, when paid, become part of the crossing permit. Fee payments are due on the date specified on the billing notice and **MUST** be paid in full prior to livestock crossing activities.
- This permit is issued solely for the purpose of moving livestock across public lands for proper and lawful purposes, as needed for the orderly administration of rangelands. This permit confers no priority for renewal, and cannot be transferred or assigned.
- The allotment(s) listed on this crossing permit is subject to requirements 43 CFR 4180 – Fundamentals of Rangeland Health and Standards and Guidelines for Grazing Administration. This permit shall be modified, if necessary, to meet these requirements upon completion of a Standards and Guidelines Assessment and Determination.
