
ALTERNATE 138-KV TRANSMISSION LINE ROUTES

LEGEND

Study Area

Proposed Components

- Proposed Langley Gulch Power Plant Site
- Proposed 230-kV Transmission Line Interconnection
- Proposed 138-kV Transmission Line
- Alternative 138-kV Transmission Alignment
- Proposed Water Pipeline

Existing Utilities

- Chevron Refined Products Pipeline
- Williams Northwest Gas Pipeline
- 230-kV Transmission Line

Transportation

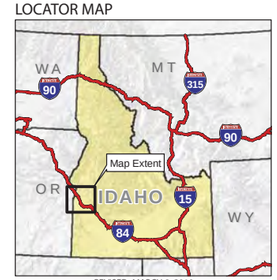
- Interstate Highway
- U.S. Highway
- State Highway
- Local Road
- Railroad

Jurisdiction

- Bureau of Land Management
- Bureau of Reclamation
- State of Idaho
- Private

0 0.5 1 Miles

LOCATOR MAP



REVISED: MARCH 8, 2010
