COMMENT (use back side if you need additional space or attach additional sheets)

WPC county needs all the tax revenue and employees it can get. So many small businesses are closing for lack of customers. More employees equals more customers.

I have little concern for "endangered species". Humans are becoming an "endangered species" if all the environmentalists get their way. We need the jobs - the income!

COMMENT (use back side if you need additional space or attach additional sheets)

Mining has been an important part of rural Nevada economies for several decades. As long as there is a continued need and market for precious metals, we should continue to mine those resources that we have in this County. This will continue to help support our local economy with jobs. I am in favor of the Midway Gold Project going forward.

MINING IS GOOD FOR NEVADA ECONOMY AND
THE UNITED STATES ECONOMY. THE SMALL AMOUNT
OF LAND USED FOR THE PAN MINE TO OPERATE
WILL HAVE VERY LITTLE EFFECT ON THE
SAGE GROUSE.
