

Finding of No Significant Impact

Special Recreation Permit application for Alaska Peak Air Adventures, FF096025

Finding of No Significant Impact:

I have reviewed Environmental Assessment DOI-BLM-AK02000-2013-0011 and have concluded that the impacts of conducting guided hunting trips on public lands for commercial purposes on BLM managed lands in the Fortymile area have been adequately addressed. By following the stipulations generated in the EA, there are no impacts that approach the threshold of significance. Therefore, I have determined that a Finding of No Significant Impact is appropriate and an environmental impact statement is not required.
