Tucson Field Office

A. Action Name: Reymert Historic Townsite Driveway, Parking and Signing Plan

EA#: DOI-BLM-AZ-G020-2013-0017-DNA

Basin: Gila County: Pinal_

Watershed: Gila_____ Species List Obtained:___ Yes(EIS) XX No(EA)

Topographic Location (stream/mountain): hills_____

Potential Species None

Affected Species: None

Affected Critical Habitat: None

Contact Biologist/Botanist: Darrell Tersey

Project Contact: Francisco Mendoza

Location Map (See DNA)

Summary of Proposed Action (See DNA)

Purpose and Need for Proposed Action (See DNA)

B. Determination (include clear rationale which is supported by data)

1) Determination on Original Project Proposal:

XX No Effect

___ May Effect, Not Likely to Adversely Effect (request concurrence)

___ May Effect, Likely to Adversely Effect (consult)

Determination Rationale

This project is maintenance of existing disturbances to the landscape in an interpretive area at a historic townsite that is not within the range of any listed T&E species and is not in any listed critical habitat for any species. There will not be any effects to any listed T&E species or critical habitat.

2) Determination on Project Proposal with Mitigation, Stipulations and/or Management Changes:

___ No Effect (get concurrence)

___ May Effect, Not Likely to Adversely Effect (consult w/ USFWS-concurrence)

___ May Effect, Likely to Adversely Effect (consult w/ USFWS)

Determination Rationale with Mitigation, Stipulations and/or Management Changes:
