Dear Interested Party:

The Bureau of Land Management (BLM), Winnemucca District (Humboldt River Field Office) is seeking public input on an Environmental Assessment (EA) for Western Lithium Corporation's (WLC) proposed Kings Valley Clay Mine Project, located at Thacker Pass, (adjacent to State Route 293), approximately 21 miles west-northwest of Orovada, Nevada.

WLC proposes to develop an open-pit clay mine at the Project site. Clay would be selectively mined from two open-pits and stockpiled on site in a designated ore-grade stockpile area. Ore-grade clay would be loaded into highway-legal trucks and transported to the end-user or purchaser.

Specifically, WLC proposes to establish:

- A permit boundary;
- 2 open pits;
- 2 waste rock disposal areas (WRDA);
- Ore-grade clay stockpile areas;
- 4 growth media stockpiles;
- An aggregate source (with associated aggregate stockpiles) and mobile aggregate screen;
- An ongoing exploration program utilizing drilling equipment, roads, and drill pads;
- Use of 2 on-site water wells as a non-potable source for dust suppression;
- Ancillary facilities including storm water controls, office/first-aid trailer, parking, ready line, and fencing;
- Access improvements to State Route (SR) 293.

The pits, WRDA, roads, and ancillary facilities would result in approximately 110 acres of total disturbance, employ approximately 14 employees, and have a total mine life of approximately 23 years, (including reclamation). Upon completion of mining, the operation would be closed and reclaimed with the land being returned to the pre-mining uses.

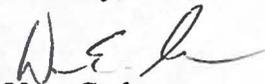

The public is invited to submit comments relative to the development of an EA within 30 days of the date of this letter. Please send written comments to Mr. Mark Hall, Project Lead, at the above address, or e-mail [wfoweb@blm.gov](mailto:wfoweb@blm.gov) with "WLC Kings Valley Clay Mine (Hall)" in the

subject line. This letter and a map are also available on the NEPA webpage at [http://www.blm.gov/nv/st/en/fo/blm\\_information/nepa0.html](http://www.blm.gov/nv/st/en/fo/blm_information/nepa0.html). In addition, a copy of WLC's Plan of Operations is available for review at the Winnemucca District Office during regular business hours: 7:30 a.m. to 4:30 p.m., Monday through Friday, except holidays.

Public comments submitted for this EA and Plan, including names and addresses of commenters, will be available for public review during regular business hours (above). Before including your address, phone number, or e-mail address, or other personal identifying information in your comment, please be advised that your entire comment, including personal identifying information, may be made publicly available at any time. While individuals may request that the BLM withhold personal identifying information from public review, BLM cannot guarantee it will be able to do so. If you wish the BLM to withhold your personal information, you must state this prominently at the beginning of your comment. The BLM will make all submissions from organizations or businesses available for public disclosure in their entirety.

If you have any question, please contact Mr. Mark Hall at (775) 623-1529 or at the above address.

Sincerely,

Vern Graham  
Field Manager  
Humboldt River Field Office
