

Finding of No Significant Impacts

Environmental Assessment DOI-BLM-AK-F020-2013-0018-EA

Based on the an the analysis of potential environmental impacts (per Environmental Assessment DOI-BLM-AK-F020-2013-0018-EA), I have determined that the proposed action, adhering to the Standard Operating Procedures developed for Special Recreation Permits, will not have any significant impacts on the environment, and an environmental impact statement is not required.

Mitigation Measures:

No Mitigation measures were identified.
