**A. Background**

BLM Office: Shoshone Field Office. Lease/Serial/Case File No.: N/A

Proposed Action Title/Type: The action is a transfer of a livestock grazing permit from one permit name to another. The permittee has sold their base property and the new owners would like to attain grazing privileges in the Hill City Branch Allotment.

Location of Proposed Action: Boise Meridian, Lincoln County, Idaho; Hill City Branch Allotment

Description of Proposed Action: The current permittees, Lawrence L. & Sandra L. Calkins, wish to transfer their full grazing permit to Celestino Delacruz. Under this action, the full portion of the Hill City Branch Allotment, which amounts to 75 cattle AUMs, will be transferred to Celestino Delacruz. This is an administrative procedure only and nothing on the ground will change. The season of use, active preference and type of livestock will remain the same as it was under the previous grazing permit.

The base property that is being transferred along with the allotment is below:

T. 4 South, R. 18 East, Section 19 (E 1/2 NE 1/4)

**B. Land Use Plan Conformance**

Land Use Plan Name: Shoshone Grazing ES. Date Approved/Amended: 1979.

\_\_\_\_\_ The proposed action is in conformance with the applicable LUP because it is specifically provided for in the following LUP decision(s): [*Insert relevant objectives, goals, decisions from the LUP with page citations*].

  X   The proposed action is in conformance with the LUP, even though it is not specifically provided for, because it is clearly consistent with the following LUP decision(s) (objectives, terms, and conditions): This action is specifically provided for in CFR 4110.2-3 Transfer of grazing preference as long as the transfer meets all of the requirements and qualifications. The paperwork that has been submitted shows that all of the requirements and qualifications are being met.

**C. Compliance with NEPA:**

The Proposed Action is categorically excluded from further documentation under the National Environmental Policy Act (NEPA) in accordance with 516 DM 11.9, D #1, Appendix 4-153. "Approval of transfers of grazing preference."

This categorical exclusion is appropriate in this situation because there are no extraordinary circumstances potentially having effects that may significantly affect the environment. The proposed action has been reviewed, and none of the extraordinary circumstances described in 43 CFR 46.215 apply. Attached is the Categorical Exclusion Review Sheet, Consideration of Extraordinary Circumstances.

I considered the transfer of grazing preference from Lawrence L. & Sandra L. Calkins to Celestino Delacruz. This action is an administrative action and no changes to the terms and conditions of the grazing permit will occur. The season of use, class of livestock and AUMs will remain unchanged.
