**Decision and Rationale on Action**

I have decided to allow Linc Energy Operations, Inc. to prepack Ice Roads on their Bureau of Land Management (BLM) Oil and Gas Leases at Umiat, Alaska on lands managed by the BLM. The applicant will be required to abide by the terms and conditions of their leases.

In addition, I have reviewed the plan conformance statement and have determined that the proposed action is in conformance with the approved land use plans and that no further environmental analysis is required under the National Environmental Policy Act (as documented in the attached CX, NEPA Compliance).

**Implementation Date**

This project will be implemented on or after November 21, 2013.
