Applicable Categorical Exclusion: 516 DM 11.9 H. Recreation Management (1): "Issuance of SRP's for day use or overnight use up to 14 consecutive nights; that impacts no more than 3 staging area acres; and/or for recreational travel along roads, trails, or in areas authorized in a land use plan."

NEPA Number: DOI-BLM-NV-C020-2014-0008-CX

Project Name: Kit Carnage Carson City Adventure Race

Project Description: A new proposal for a Special Recreation Permit (SRP) has been submitted by Panacea Planning Group, LLC to conduct a non-motorized adventure race May 10, 2014 on BLM lands (Prison Hill, Silver Saddle Ranch, Sugarloaf Mt.) within Carson City limits. The four stage (road bike, foot, kayak, Mt. bike) event would utilize about 10.5 miles of paved road (city), about 23 miles (18 miles on BLM) of existing roads and trails for the Mt. bike and running routes and 5.2 miles of river corridor (state). The start/finish and three of the four changeover stations are located on private or city lands. The Bike/Hike changeover station located on the north end of Prison Hill is located on BLM. Access to the Hike/Kayak changeover station would be provided by SSR system roads. Up to two vehicles would utilize SSR roads to access the river corridor to drop off kayaks and retrieve Mt. bikes. BLM routes would be marked with flour and temporary, small rock cairns at critical junctions. Approximately 50 participants are expected the first year with a participation increase of 15-20 percent the following year.

If there is not enough water in May to conduct the kayak stage of the race the alternative would be to allow the runners to continue north along existing SSR river roads/trails to city property near the bridge.

Does the project include new surface disturbing activities? Yes No

Is the project located within preliminary general habitat for sage-grouse? Yes No

Is the project located within preliminary priority habitat for sage-grouse? Yes No

Is the project located within proposed critical habitat for the bi-state sage-grouse? Yes No

BLM Acres for the Project Area: about 9 acres (18 mile length and average 4 feet corridor width).

Land Use Plan Conformance: Desired Outcomes, REC-2, "Provide a wide range of recreation opportunities on public lands under management by the Carson City Field Office."

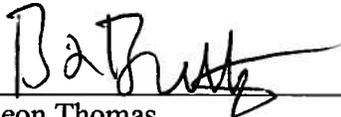

Name of Plan: NV – Carson City RMP.

Screening of Extraordinary Circumstances: The following extraordinary circumstances apply to individual actions within categorical exclusions (43 CFR 46.215). The BLM has considered the following criteria:

<i>If any question is answered 'yes' an EA or EIS must be prepared.</i>	YES	NO
1. Would the Proposed Action have significant impacts on public health or safety? (project lead/P&EC)		X
2. Would the Proposed Action have significant impacts on such natural resources and unique geographic characteristics as historic or cultural resources; park, recreation or refuge lands; wilderness areas; wild or scenic rivers; national natural landmarks; sole or principal drinking water aquifers; prime farmlands; wetlands (EO 11990); floodplains (EO 11988); national monuments; migratory birds (EO 13186); and other ecologically significant or critical areas? (wildlife biologist, hydrologist, outdoor recreation planner, archeologist)		X
3. Would the Proposed Action have highly controversial environmental effects or involve unresolved conflicts concerning alternative uses of available resources [NEPA 102(2)(E)]? (project lead/P&EC)		X
4. Would the Proposed Action have highly uncertain and potentially significant environmental effects or involve unique or unknown environmental risks? (project lead/P&EC)		X
5. Would the Proposed Action establish a precedent for future action or represent a decision in principle about future actions with potentially significant environmental effects? (project lead/P&EC)		X
6. Would the Proposed Action have a direct relationship to other actions with individually insignificant but cumulatively significant environmental effects? (project lead/P&EC)		X
7. Would the Proposed Action have significant impacts on properties listed, or eligible for listing, on the NRHP as determined by the bureau or office? (archeologist)		X
8. Would the Proposed Action have significant impacts on species listed, or proposed to be listed, on the list of Endangered or Threatened Species, or have significant impacts on designated Critical Habitat for these species? (wildlife biologist, botanist)		X
9. Would the Proposed Action violate federal law, or a State, local or tribal law or requirement imposed for the protection of the environment? (project lead/P&EC)		X
10. Would the Proposed Action have a disproportionately high and adverse effect on low income or minority populations (EA 12898)? (project lead/P&EC)		X
11. Would the Proposed Action limit access to and ceremonial use of Indian sacred sites on federal lands by Indian religious practitioners or significantly adversely affect the physical integrity of such sacred sites (EO 13007)? (archeologist)		X
12. Would the Proposed Action contribute to the introduction, continued existence, or spread of noxious weeds or non-native species known to occur in the area or actions that may promote the introduction, growth, or expansion of the range of such species (Federal Noxious Weed Control Act and EO 13112)? (botanist)		X

CONCLUSION: Based upon the review of this Proposed Action, I have determined that the above-described project is a categorical exclusion, in conformance with the LUP, and does not require an EA or EIS.
