

Tucson Field Office  
Bureau of Land Management  
SPECIAL RECREATION PERMIT  
TERMS, CONDITIONS AND STIPULATIONS

FRIENDS OF IRONWOOD FOREST  
SRP # AZA-35829

SPECIAL STIPULATIONS:

The following special stipulation is required to implement decisions in the IFNM RMP aimed at protecting sensitive wildlife habitat in the proposed use area:

*1. Desert Bighorn Sheep Habitat Protection:*

*Activities under this permit within the Desert Bighorn Sheep Wildlife Habitat Area (WHA), including Ragged Top and Wolcott Peak, and Waterman Peak will be conducted to avoid potential impacts and disturbance during the lambing season between January 1 through April 30. Hikes to the top of the peaks will be conducted outside of the lambing season. Hikes during the lambing season in the Ragged Top area are restricted to the existing path from the upper parking area to the saddle between Ragged Top and Wolcott Peak and back, or west by descending to the desert wash route along Trico's electric power line. Hikes in the Waterman Mountains during the lambing season are restricted to the existing trail routes from the Waterman Mts. restoration site parking area, and from Waterman Road, with no cross country hiking allowed.*
