DECISION  
Special Recreation Permit

Mike Scott : Special Recreation Permit  
White Cloud Outfitters :  
PO Box 217 :  
Challis, Idaho 83226 :

The Bureau of Land Management Shoshone Field Office (BLM) has received and evaluated a Special Recreation Permit (SRP) application from White Cloud Outfitters. A commercial SRP will be issued to White Cloud Outfitters for the purpose of outfitting and guiding a one-time bull moose hunt in Idaho Fish and Game Hunt Unit Moose area 44. The hunt will take place October 28 – November 3 and consist of one hunter, one non-hunter one guide and one packer. Motorized vehicles will stay on existing roads however hunting will occur primarily on horseback. Camping will occur on the U.S. Forest Service Sawtooth National Recreation Area (SNRA) across from Anderson Creek. No camping will occur on BLM. This permit includes general and specific stipulations regarding commercial SRPs.

The issuance of a SRP is a Federal action and subject to National Environmental Policy Act analysis. It has been determined that the proposal qualifies as a categorical exclusion (CX) because there are no extraordinary circumstances potentially having effects that may significantly affect the environment. The CX (DOI-ID-T0300-2015-0001-CX) describing the permit is available at the following website: [https://www.blm.gov/epl-front-office/eplanning/nepa/nepa\\_register.do](https://www.blm.gov/epl-front-office/eplanning/nepa/nepa_register.do) or at the Shoshone Field Office.

Based on my review of the project and field office staff recommendations, I have determined that the project is in conformance with the applicable land use plan and is categorically excluded from further environmental analysis. I have decided to approve the actions as proposed.

Permit fees and a proof of insurance certificate naming the U.S. Department of the Interior, Bureau of Land Management as an additional insured shall be required of the applicant prior to permit authorization.
