T. 44 S., R. 5 W.,
secs. 3 thru 5, and secs. 10 and 11.

The acres described contain approximately 30,000.00 acres.
The area within this description that would be permitted is approximately 72 acres.

Description of Proposed Action: Moon Breeze Productions, Inc. has proposed to film three adventurers as they hike approximately 25 miles per day for four days covering approximately 90 miles. Filming would occur on existing/designated roads, trails and public use areas on public lands administered by the BLM's Arizona Strip Field Office, Kanab Field Office and Vermilion Cliffs National Monument along the route shown on the attached map. The footage collected would be used in one of the eight episodes for Animal Planet's 'Matt on the Run' (working title) documentary.

The video shoot would be during daylight hours for five days from November 17-21, 2014 (four days to cover the adventurers, one day to capture landscape images). The adventurers would travel on foot for four days along the route and would film themselves utilizing Go-Pro cameras. They would camp each evening along the route at locations depicted on the attached map. Filming would start at Coral Pink Sand Dunes west of Kanab, Utah and end at White Pocket, Arizona within Vermilion Cliffs National Monument. The group plans to film for three days in Utah and two days in Arizona. Proposed permit area would include existing/designated roads and trails approximately 12 feet wide by approximately 90 miles long (50 miles in Utah and 40 miles in Arizona) and four campsites/use areas approximately 30 feet by 50 feet, for a total of 130 acres.

There would be a total of up to nine people in the group. Besides the three adventurers there would be a small support staff (four members) including a medic that would meet the adventurers every evening at predetermined locations along the route. Two of these locations would be on public lands administered by KFO and one would be on public lands administered by ASFO. The support team would deliver a 'Bear Box' consisting of a tent, food and any other supplies that they may need to complete the next section of the journey. The support team would travel via two SUVs and one "small" truck (less than one ton) on designated and existing routes. The support staff would not camp overnight on land administered by the BLM.

The proposal includes the use of a helicopter with one pilot and one photographer that would film aerials of the course over the five day period. The helicopter would be in the air approximately 3-4 hours total over the course of the five days of filming. The helicopter would not fly within Vermilion Cliffs National Monument, therefore no filming from the helicopter would occur during that section of the journey. The helicopter would be landing and re-fueling at the Kanab Municipal Airport and would not be landing on public lands administered by the BLM.

They are proposing to use four cameras; three Go-Pro cameras used by the adventurers and one Sony Prosumer hand-held camera to be used by the helicopter photographer. There are no props, large vehicles, lighting equipment or animals proposed for filming. No off-road vehicle travel would be authorized.

Permit would be subject to all provisions of 43 CFR 2920 including the terms and conditions identified in

43 CFR 2920.7, rental payments as provided by 43 CFR 2920.8, and mitigation measures/special conditions listed in Part V of this document.

PART II. – PLAN CONFORMANCE REVIEW

This proposed action is subject to the following land use plan: Arizona Strip Field Office Resource Management Plan (RMP)

Decisions and page nos.: MA-LR-06, page 2-71

“Individual land use authorizations (ROWs, permits, leases, easements) will be evaluated on a case-by-case basis in accordance with other RMP provisions and NEPA compliance. New land use authorizations will be discouraged within avoidance areas (i.e., ACECs, lands supporting listed species, NHTs, riparian areas, and areas managed to maintain wilderness characteristics) and allowed in such areas only when no reasonable alternative exists and impacts to these sensitive resources can be mitigated...”

Date plan approved/amended: January 29, 2008

This proposed action is subject to the following land use plan: Vermilion Cliffs National Monument Resource Management Plan (RM)

Decisions and page nos.: MA-LR-07, page 2-55

“Minimum impact permits within the Monument will be evaluated and authorized on a case-by-case basis where site-specific NEPA analysis determines that impacts to the objects or values for which the Monument was designated would be negligible.”

This proposed action is subject to the following land use plan: Kanab Field Office Resource Management Plan (RMP)

Decisions and page nos.: Land and Realty (LAR) Goals and Objectives, page 109:

“Make public lands available for ROWs permits, and leases. The suitability for these land actions would be judged on a case-by-case basis.”

Decisions and page nos.: LAR-27 (page 113):

“Filming may be authorized throughout the decision area after site-specific NEPA analysis is completed.”

Date plan approved/amended: October 31, 2008

This proposed action has been reviewed for conformance with these plans (43 CFR 1610.5-3, BLM Manual 1601.04.C.2).

A “minimum impact permit” is defined as one which authorized activities that “will not cause appreciable damage or disturbance to the public lands, their resources or improvements” (43 CFR 2920.2-2). All travel to and from the filming location would occur on designated and existing roads. Filming would be

done with handheld cameras. No set construction, use of heavy equipment, or use of explosives/pyrotechnics would occur. No impacts to Monument objects or values are therefore anticipated and the activity is considered “minimum impact”. In addition, the proposed action does not conflict with other decisions in the LUPs.

PART III. – NEPA COMPLIANCE DETERMINATION REVIEW

A. The proposed action is categorically excluded from further documentation under the National Environmental Policy Act (NEPA) in accordance with 516 DM 11.9, E(19);

Issuance of short-term (3 years or less) rights-of-way or land use authorizations for such uses as storage sites, apiary sites, and construction sites where the proposal includes rehabilitation to restore the land to its natural or original condition.

And

B. Extraordinary Circumstances Review: In accordance with **43 CFR 46.215**, any action that is normally categorically excluded must be subjected to sufficient environmental review to determine if it meets any of the 12 Extraordinary Circumstances described. If any circumstance applies to the action or project, and existing NEPA documentation does not adequately address it, then further NEPA analysis is required.

The action has been reviewed to determine if any of the extraordinary circumstances (43 CFR 46.215(a)-(l)) apply. The project would:		
(a) Have significant impacts on public health or safety.		
Yes <input type="checkbox"/>	No <input checked="" type="checkbox"/>	Rationale: No significant impacts on public health and safety would result from the proposed action because of the minimal impacting nature of the proposal. <p style="text-align: right;">Preparer's Initials <u>MM</u></p>
(b) Have significant impacts on such natural resources and unique geographic characteristics as historic or cultural resources; park, recreation or refuge lands; wilderness areas; wild or scenic rivers; national natural landmarks; sole or principal drinking water aquifers; prime farmlands; wetlands (Executive Order 11990); floodplains (Executive Order 11988); national monuments; migratory birds; and other ecologically significant or critical areas.		
Yes <input type="checkbox"/>	No <input checked="" type="checkbox"/>	Rationale: No. The minimal impact film permit would have no significant impacts on cultural resources, wilderness areas, recreation opportunities or settings, wild or scenic rivers or national monument resources. Designated routes would be used for access by three regular vehicles (less than 1 ton) and there will be no propos, large vehicles, aircraft, lighting equipment or animals used for filming. The proposed action also should not affect migratory birds protected under the Migratory Bird Treaty Act for similar reasons as above. See Cultural Resource Compliance Documentation Record and J Herron email 11/12/2014, DHawks email 11/7/2014, and JYoung email 11/13/2014. <p style="text-align: right;">Preparer's Initials <u>DH, JH, JY</u></p>
(c) Have highly controversial environmental effects or involve unresolved conflicts concerning alternative uses of available resources [NEPA section 102 (2) (E)].		
Yes <input type="checkbox"/>	No <input checked="" type="checkbox"/>	Rationale: There are no controversial environmental effects or unresolved conflicts concerning alternative use of resources because of the minimal impacting nature of the proposed action. <p style="text-align: right;">Preparer's Initials <u>MM</u></p>
(d) Have highly uncertain and potentially significant environmental effects or involve unique or unknown environmental risks.		
Yes <input type="checkbox"/>	No <input checked="" type="checkbox"/>	Rationale: No. Proposed action is a routine activity similar to previously authorized uses which involved no significant environmental effects and no unique circumstances. <p style="text-align: right;">Preparer's Initials <u>MM</u></p>
(e) Establish a precedent for future action or represent a decision in principle about future actions with potentially significant environmental effects.		
Yes <input type="checkbox"/>	No <input checked="" type="checkbox"/>	Rationale: No. Proposed action is similar to previously authorized activities and does not represent a decision in principle about future actions with potentially significant environmental effects. Each film permit request is assessed individually. <p style="text-align: right;">Preparer's Initials <u>MM</u></p>

<p>(f) Have a direct relationship to other actions with individually insignificant but cumulatively significant environmental effects.</p>		
<p>Yes <input type="checkbox"/></p>	<p>No <input checked="" type="checkbox"/></p>	<p>Rationale: There would be no cumulative effects because all vehicle use is limited to designated and existing roads and proposed action is essentially no different than casual use that commonly occurs in the area. Per specialist input, there would be no more than negligible impacts to Monument objects or other resources.</p> <p style="text-align: right;">Preparer's Initials <u>MM</u></p>
<p>(g) Have significant impacts on properties listed, or eligible for listing, on the National Register of Historic Places as determined by the bureau.</p>		
<p>Yes <input type="checkbox"/></p>	<p>No <input checked="" type="checkbox"/></p>	<p>Rationale: No. See Cultural Resource Compliance Documentation Record and JHerron email 11/12/2014.</p> <p style="text-align: right;">Preparer's Initials <u>JH</u></p>
<p>(h) Have significant impacts on species listed, or proposed to be listed, on the List of Endangered or Threatened Species, or have significant impacts on designated Critical Habitat for these species.</p>		
<p>Yes <input type="checkbox"/></p>	<p>No <input checked="" type="checkbox"/></p>	<p>Rationale: No. The proposed action would not modify listed species habitat and there would be no more potential for disturbance associated with the proposed action to listed species than would already occur from ongoing recreational activities. No significant impacts would result from the proposed action because of the minimal impacting nature of the proposal. See JYoung email 11/13/2014 and JLambeth email 11/13/2014.</p> <p style="text-align: right;">Preparer's Initials <u>JY, JL</u></p>
<p>(i) Violate a Federal law, or a State, local or tribal law or requirement imposed for the protection of the environment.</p>		
<p>Yes <input type="checkbox"/></p>	<p>No <input checked="" type="checkbox"/></p>	<p>Rationale: No environmental laws/requirements would be violated. See JYoung email dated 7/3/2014 and GBenson email dated 11/12/2014.</p> <p style="text-align: right;">Preparer's Initials <u>JS, GB</u></p>
<p>(j) Have a disproportionately high and adverse effect on low income or minority populations (Executive Order 12898).</p>		
<p>Yes <input type="checkbox"/></p>	<p>No <input checked="" type="checkbox"/></p>	<p>Rationale: No effect on low income or minority populations because proposed action is a short term activity located in a remote area some distance from residential populations.</p> <p style="text-align: right;">Preparer's Initials <u>MM</u></p>
<p>(k) Limit access to and ceremonial use of Indian sacred sites on Federal lands by Indian religious practitioners or significantly adversely affect the physical integrity of such sacred sites (Executive Order 13007).</p>		
<p>Yes <input type="checkbox"/></p>	<p>No <input checked="" type="checkbox"/></p>	<p>Rationale: No access would be limited by the proposed action. The permittee would use the same existing and designated routes that other recreationalists use and would not restrict access to any area open to the public due to the minimal impacting nature of the proposal.</p>

(1) Contribute to the introduction, continued existence, or spread of noxious weeds or non-native invasive species known to occur in the area or actions that may promote the introduction, growth, or expansion of the range of such species (Federal Noxious Weed Control Act and Executive Order 13112).

Yes <input type="checkbox"/>	No <input checked="" type="checkbox"/>	Rationale: No impacts would result because of the minimal impacting nature of the proposal. See WBunting email dated 11/10/2014.

PART V. – COMPLIANCE REVIEW CONCLUSION

We have reviewed this plan conformance and NEPA compliance record, and have determined that the proposed project is in conformance with the approved land use plans and that no further environmental analysis is required.

We considered the short duration and low/minimum impacting nature of the proposal along with the additional mitigation measures/special conditions identified below which would not cause appreciable damage or disturbance to the public lands, their resources, or improvements in accordance with 43 CFR 2920.2-2. In addition, no impacts to Monument objects or values are anticipated. No surface disturbance is proposed and travel would only be on designated or existing roads.

MITIGATION MEASURES/SPECIAL CONDITIONS/OTHER REMARKS FOR FILM PERMIT AZA-036624:

1. This permit would authorize filming/photography ONLY at the location(s) specified in the permit. NO filming/photography in wilderness would be authorized.
2. This permit would be issued subject to the permittee's compliance with all applicable regulations contained in Title 43 Code of Federal Regulations (CFR) part 2920.
3. The permittee would conduct all activities associated with the operation and termination of the permit within the authorized limits of the permit.
4. This permit would apply only to those lands administered by the Bureau of Land Management and does not apply to National Park Service, U.S. Forest Service, or Tribal land jurisdictions. The permittee would be responsible to contact any other governmental entity that may have jurisdiction, including the state (i.e., Arizona State Land Department) and local governments, and to obtain any additional authorizations that those entities determine necessary.
5. This permit would not give permission to cross over or use private land. The permittee would be fully responsible for arranging access to private lands which may be needed for this activity and for all trespass on and/or damages to private land which may result from the permittee's activity.
6. Use areas would be maintained in a sanitary condition at all times; waste materials at those areas would be disposed of promptly at an appropriate waste disposal site. "Waste" means all discarded matter including, but not limited to, human waste, trash, garbage, refuse, oil drums, petroleum products, ashes, and equipment. "Waste" also includes the creation of micro-trash such as bottle caps, pull tabs, broken glass, cigarette butts, small plastic, food materials, bullets, bullet casings, etc. No

micro-trash would be left at use areas.

7. The Bureau of Land Management would reserve the right to take photographs or film of any aspect of filming/photography operations for official case file records.
8. All vehicles would stay on designated/existing roads, turnouts and parking areas. No cross-country vehicle use, off-road vehicle use, or surface disturbance would be authorized.
9. Permittee would be responsible for the supervision of all participants, spectators, and other persons associated with the activity, and would be responsible for public safety on-site.
10. All vehicles and equipment would be cleaned **prior** to entering the permit area to reduce the spread of noxious weeds and non-native invasive species.
11. Permittee would do everything reasonable, both independently and/or upon request of the authorized officer to prevent and suppress fires caused by their activity on or near lands utilized. Compensation may be required of the permittee for Federal, state, or private interests in suppression and rehabilitation expenses.
12. Where California condors visit the area while activities are underway, the permittee would avoid interaction with condors. Authorized activities would be modified, relocated, or delayed if those activities have adverse effects on condors. Authorized activities would cease until the bird leaves on its own or until techniques are employed by permitted personnel that result in the individual condor leaving the area. The permittee is required to notify the Bureau of Land Management wildlife team lead (435-688-3373) of this interaction within 24 hours of its occurring.
13. This permit would be for non-exclusive use of the resource. Photography activities would be conducted in a manner that does not disrupt other visitor's backcountry recreational experience. Permittee would not restrict access to any area open to the public.
14. No intentional filming of cultural resource sites would be allowed. If in connection with use any human remains, funerary objects, sacred objects or objects of cultural patrimony as defined in the Native American Graves Protection and Repatriation Act (P.L. 101-601; 104 Stat. 3048; 25 U.S.C. 3001) are discovered, the permittee would stop use in the immediate area of the discovery and immediately notify the authorized officer. The permittee would continue to protect the immediate area of the discovery until notified by the authorized officer that use may resume.
15. The permittee and all film crews/personnel would have a copy of the permit and these stipulations at all times while filming/photographing on public lands administered by the BLM's Arizona Strip Field Office and Vermilion Cliffs National Monument.
16. The final filming product would have written acknowledgement of filming/photography location(s) on the Bureau of Land Management National System of Public Lands, Arizona Strip Field Office, Vermilion Cliffs National Monument, and Kanab Field Office.
17. The permittee would submit a copy of the final video version to the BLM Authorized Officer.
18. Failure to comply with these stipulations may result in the temporary suspension or immediate termination of the permit.
19. All accidents and injuries would be reported to the BLM ASFO contact person immediately or as

soon afterwards as possible. Failure to report accidents would result in cancellation of the permit.

MITIGATION MEASURES/SPECIAL CONDITIONS FOR FILM PERMIT UTU-90985

1. This permit would be valid for three days of commercial photography and associated set-up and break-down days within the Bureau of Land Management (BLM) Kanab Field Office (KFO) in Kane County, Utah. It would include the Peek-a-boo and Red Canyon areas and all open, numbered routes within those areas as specified on the KFO Transportation Routes map.
2. This permit would be issued subject to all applicable regulations in 43 CFR 2920.
3. This permit would apply only to those lands administered by the BLM KFO and would not apply to National Park Service, U.S. Forest Service, or Tribal land jurisdictions. Permittee would be responsible to contact any other governmental entity that may have jurisdiction, including the Utah Department of Transportation and local government, and to obtain any additional necessary authorizations, including encroachment permits for filming on state or county roadways.
4. This permit would not give permission to cross over or use private land. Permittee would be fully responsible for arranging access to private lands which may be needed for this activity.
5. No filming within Wilderness Study Areas or Wild and Scenic River areas would be allowed, including those along and adjacent to the locations specified on the permit.
6. No intentional filming of cultural resource sites would be allowed. Discovery of cultural sites or artifacts would be immediately reported to BLM KFO.
7. All vehicles would stay on designated roads, turnouts and parking areas. No off-road use, cross-country vehicle use, vehicle use within Wilderness or Wilderness Study Areas, or surface disturbance would be permitted.
8. All vehicles and equipment would be cleaned **prior** to entering the permit area to reduce the spread of noxious weeds and non-native invasive species.
9. In the event of a fuel spill or release of any hazardous materials, federal and state regulations require the proper reporting and remediation of any material. Vehicle refueling would occur at the staging area and/or away from the course/filming area to reduce the chance of a spill.
10. Use areas would be maintained in a sanitary condition at all times; waste materials at those areas shall be disposed of promptly at an appropriate waste disposal site. "Waste" means all discarded matter including, but not limited to, human waste, trash, garbage, refuse, oil drums, petroleum products, ashes, and equipment. "Waste" also includes the creation of micro-trash such as bottle caps, pull tabs, broken glass, cigarette butts, small plastic, food materials, bullets, bullet casings, etc. No micro-trash would be left at use areas and trash receptacles used at use areas shall be wildlife proof.
11. In the unlikely event that California condors visit the area while activities are underway, the permittee would notify BLM KFO immediately. Permittee would avoid interaction with condors. Authorized activities may be modified, relocated, or delayed if those activities have adverse effects on condors. Authorized activities would cease until the bird leaves on its own or until techniques are employed by permitted personnel that result in the individual condor leaving the area.

12. This permit would be for non-exclusive use of the resource. Filming/photography activities would be conducted in a manner that does not disrupt other visitor's backcountry recreational experience. Permittee would be able to delay other users at the locations, including casual users and Special Recreation Permit holders, for up to 15 minutes to complete a current activity but shall otherwise not restrict access to any area open to the public.
13. The company and all film crews on the course would have a copy of the permit and these stipulations at all times while filming in the BLM KFO locations.
14. The final filming product would have written acknowledgement of filming location on the National System of Public Lands managed by the Bureau of Land Management, Kanab Field Office, Utah.
15. The permittee would submit a copy of the final video version to the BLM Authorized Officer.
16. The Bureau of Land Management reserves the right to take photographs of or film any aspect of filming/photography operations for official case file records.
17. Rent would be charged per the Utah Rental Schedule for filming on public lands.
18. No generators would be used to power equipment during night time hours.
19. All accidents and injuries would be reported to the BLM KFO contact person immediately or as soon afterwards as possible. Failure to report accidents would result in cancellation of the permit.
20. The company would provide the BLM KFO a schedule for filming on public lands **prior to issuance of the permit**. Location changes within the scope of the permit would be forwarded to BLM KFO before the start of filming. Changes beyond the scope of the permit would be reviewed and approved by BLM KFO before filming may occur. The BLM contact person is Tom Christensen, Assistant Field Office Manager, at (435) 644-1272 (phone), (435) 644-1299 (fax) or tmchris@blm.gov (e-mail). Tom, or his appointee, will serve as the monitor on location.
21. Failure to comply with these stipulations may result in the temporary suspension or immediate termination of the permit.
22. While not specifically required with this permit, if not already arranged the production may wish to obtain a port-a-potty or other convenience facility at the temporary day staging areas located on BLM and any key entry and exit points along the route for the comfort of the staff and protection of the resource.

Approval and Decision

Based on a review of the project described in the attached Categorical Exclusion (CX) documentation and resource staff recommendations, we have determined that the project is in conformance with the Arizona Strip Field Office Resource Management Plan (approved January 29, 2008), Vermilion Cliffs National Monument Resource Management Plan (approved January 29, 2008) and the Kanab Field Office Resource Management Plan (approved October 31, 2008) and is categorically excluded from further environmental analysis. It is our decision to approve the action as proposed with the mitigation measures/special conditions identified in Part V of the CX.

Administrative Review or Appeal Opportunities

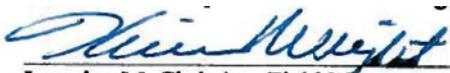

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4 and the attached Form 1842-1. If an appeal is taken, your notice of appeal must be filed in the Arizona Strip Field Office, 345 East Riverside Drive, St. George, Utah 84790 within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

In accordance with 43 CFR 2920.2-2(b), this decision remains in effect pending appeal unless a stay is granted. If you wish to file a petition pursuant to regulations at 43 CFR 2920.2-2 for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay must also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the Department of the Interior, Office of the Field Solicitor, Sandra Day O'Connor U.S. Court House #404, 401 West Washington Street SPC44, Phoenix, AZ 85003-2151 (see 43 CFR 4.413) at the same time the original documents are filed in this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulations, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

INFORMATION ON TAKING APPEALS TO THE INTERIOR BOARD OF LAND APPEALS

DO NOT APPEAL UNLESS

1. This decision is adverse to you,
AND
2. You believe it is incorrect

IF YOU APPEAL, THE FOLLOWING PROCEDURES MUST BE FOLLOWED

1. NOTICE OF APPEAL.....	A person who wishes to appeal to the Interior Board of Land Appeals must file in the office of the officer who made the decision (not the Interior Board of Land Appeals) a notice that he wishes to appeal. A person served with the decision being appealed must transmit the <i>Notice of Appeal</i> in time for it to be filed in the office where it is required to be filed within 30 days after the date of service. If a decision is published in the FEDERAL REGISTER, a person not served with the decision must transmit a <i>Notice of Appeal</i> in time for it to be filed within 30 days after the date of publication (43 CFR 4.411 and 4.413).	
2. WHERE TO FILE	Field Manager, Arizona Strip Field Office Bureau of Land Management 345 East Riverside Drive St. George, Utah 84790	
NOTICE OF APPEAL.....		
WITH COPY TO SOLICITOR...	Office of the Field Solicitor Sandra Day O'Connor US Courthouse, Suite 404 401 West Washington Street, SPC-44 Phoenix, Arizona 85003-2151	
3. STATEMENT OF REASONS	Within 30 days after filing the <i>Notice of Appeal</i> , file a complete statement of the reasons why you are appealing. This must be filed with the United States Department of the Interior, Office of Hearings and Appeals, Interior Board of Land Appeals, 801 N. Quincy Street, MS 300-QC, Arlington, Virginia 22203. If you fully stated your reasons for appealing when filing the <i>Notice of Appeal</i> , no additional statement is necessary (43 CFR 4.412 and 4.413).	
WITH COPY TO SOLICITOR.....	Office of the Field Solicitor Sandra Day O'Connor US Courthouse, Suite 404 401 West Washington Street, SPC-44 Phoenix, Arizona 85003-2151	AND COPY TO.....Field Manager, Arizona Strip Field Office Bureau of Land Management 345 East Riverside Drive St. George, Utah 84790
4. ADVERSE PARTIES.....	Within 15 days after each document is filed, each adverse party named in the decision and the Regional Solicitor or Field Solicitor having jurisdiction over the State in which the appeal arose must be served with a copy of: (a) the <i>Notice of Appeal</i> , (b) the Statement of Reasons, and (c) any other documents filed (43 CFR 4.413).	
5. PROOF OF SERVICE.....	Within 15 days after any document is served on an adverse party, file proof of that service with the United States Department of the Interior, Office of Hearings and Appeals, Interior Board of Land Appeals, 801 N. Quincy Street, MS 300-QC, Arlington, Virginia 22203. This may consist of a certified or registered mail "Return Receipt Card" signed by the adverse party (43 CFR 4.401(c)).	
6. REQUEST FOR STAY.....	Except where program-specific regulations place this decision in full force and effect or provide for an automatic stay, the decision becomes effective upon the expiration of the time allowed for filing an appeal unless a petition for a stay is timely filed together with a <i>Notice of Appeal</i> (43 CFR 4.21). If you wish to file a petition for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Interior Board of Land Appeals, the petition for a stay must accompany your <i>Notice of Appeal</i> (43 CFR 4.21 or 43 CFR 2801.10 or 43 CFR 2881.10). A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the <i>Notice of Appeal</i> and Petition for a Stay must also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted. Standards for Obtaining a Stay. Except as otherwise provided by law or other pertinent regulations, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards: (1) the relative harm to the parties if the stay is granted or denied, (2) the likelihood of the appellant's success on the merits, (3) the likelihood of immediate and irreparable harm if the stay is not granted, and (4) whether the public interest favors granting the stay.	

Unless these procedures are followed, your appeal will be subject to dismissal (43 CFR 4.402). Be certain that all communications are identified by serial number of the case being appealed.

NOTE: A document is not filed until it is actually received in the proper office (43 CFR 4.401(a)). See 43 CFR Part 4, Subpart B for general rules relating to procedures and practice involving appeals.
