Dear Reader:

The Bureau of Land Management (BLM), Sierra Front Field Office has prepared the *Hercules Exploration Project, Draft Environmental Assessment* to analyze the direct, indirect and cumulative effects from exploration activities on public lands by Bonaventure Nevada, Inc. The project area is located southeast of Dayton, Nevada in Lyon County. This project involves exploration drilling from 167 constructed drill sites and trenching at 25 sites. Access into the project area would be off of Dayton Valley Road. Existing roads in the project area may be improved and approximately 4.5 miles of new roads would be constructed. Upon the conclusion of the project, exploration areas would be reclaimed.

For documents, maps, and how to comment, go to the project website at: http://www.blm.gov/nv/st/en/fo/carson_city_field/blm_information/nepa.html. This 15-day public review period is from **November 10 until November 24, 2014**.

For more information contact: Dan Erbes, Geologist, 5665 Morgan Mill Rd, Carson City, Nevada 89701 or by phone at: 775-885-6149.

Privacy notice: before including address, phone number, email-address, or any other personal identifying information in your comments, be advised that your entire comment, including personal identifying information, may be made publicly available at any time. While individuals may request that the BLM withhold personal identifying information from public view, the BLM cannot guarantee it will be able to do so. If you wish us to withhold your personal information you must state this prominently at the beginning of your comment. We will make all submissions from organizations or businesses, available for public disclosure in their entirety.

Leon Thomas
Field Manager
