## 1.1. Environmental Assessment DOI-BLM-AK-F030–2015–0003

Based on the analysis of potential environmental impacts per Environmental Assessment DOI—BLM—AK—F030–2015–0003, I have determined that the proposed action with the mitigation measures described in the stipulations attached to the EA will not have any significant impacts on the environment and an environmental impact statement is not required.

All identified mitigation measures have been incorporated into the stipulations which are attached to the permit.
