Dear Interested Party:

The Bureau of Land Management (BLM), Safford Field Office has published a Final Environmental Assessment (EA) to evaluate the environmental effects of the proposed application of prescribed fire within and adjacent to the Muleshoe Ecosystem Management Area. The Draft EA was issued on November 25, 2014 for a 30-day public review. No comment letters were received. Therefore, no modifications were made to the EA.

The signed EA, Finding of No Significant Impact, and Decision Record have been posted on the BLM's e-Planning web site, and can be accessed at the following address:

If you have any difficulty accessing the above link, or would like a compact disc copy of the documents, please contact Sharisse Fisher at (928) 348-4413. If you would prefer a hard copy of the EA or FONSI mailed to you, please contact Barbara Peru at (928) 348-4449.
