Categorical Exclusion

CX#: DOI-BLM-NV-W010-2014- 0043-CX

Date: 9/22/2014

Lease / Case File / Serial #: N-37192

Regulatory Authority (CFR or Law): 2800

BLM Manual: 2800

Subject Function Code: 2870

Is the project located within a Preliminary Priority Habitat? Yes No

Is the project located within a Preliminary General Habitat? Yes No

Is the project located within a National Landscape Conservation System feature (NCA, Wilderness, WSA, ISA, Scenic or Historic Trails)? Yes No

1. BLM District Office: Winnemucca District Office

2. Name of Project Lead: Julie McKinnon

3. Project Title: Water Pipeline ROW Renewal

4. Applicant: Roger and Nancy Johnson

5. Project Description: (briefly describe who, what, when, where, why, how)

Roger and Nancy Johnson have submitted a right-of-way (ROW) application to renew an existing 15" PVC water pipeline, authorized in 1983, connecting Cumberland Creek and Goldrun Creek to assist in the conveyance of water to private land (Hot Springs Ranch) for irrigation purposes. Water flows naturally down both stream channels, the pipeline helps reduce the erosion problems that were occurring along the originally authorized ditch constructed in 1982.

The Johnson's currently have a certificated water right, 15046, issued by the Nevada Division of Water Resources for irrigation waters.

This project is geographically located in Pumpnickel Valley adjacent to Pumpnickel County Road.

Maintenance activities would consist of shovel work to remove vegetation blocking entrance to the pipeline and where water would exit the pipeline and flow into the ditch. The potential to replace the pipeline could arise. This may require the use of a backhoe to haul and replace the pipeline.

A compliance inspection was completed in the summer of 2014. The ROW was in

Applicant: Roger and Nancy Johnson

Project Title: Pipeline ROW Renewal

compliance with the terms and conditions of the authorization.

Additional Information: Coordination with the State Office and NDOW regarding sage grouse habitat.

Project dimensions (length, width, height, depth): 994(l)' x 30(w)' x 24(d)''

Total Acres: 0.68

BLM Acres: 0.68

Will the project result in new surface disturbance? Yes No

Has the project area been previously disturbed? Yes No N/A

If yes, what percent of the project area has been disturbed? 100% . If only part of the project area has been disturbed, indicate disturbed area on map. Describe disturbance (and attach photo of disturbed area if you have one):

6. Legal Description: T.34 N., R. 40E., sec. 28, NESWSE, NWSESE

USGS 24k Quad name: Goldrun Creek

100k map name: Winnemucca

Land Status: BLM Private Other_____.

Part I: Plan Conformance Review

The Proposed Action is subject to the:

- Paradise-Denio Management Framework Plan
- Sonoma-Gerlach Management Framework Plan
- Black Rock Desert-High Rock Canyon Emigrant Trails NCA and Associated Wilderness and Other Contiguous Lands in Nevada RMP

The proposed action is in conformance with the applicable Land Use Plan (LUP) because it is specifically provided for in the following LUP decision(s):

L-4: To provide lands for rights-of-way on or across public lands.

The proposed action is in conformance with the LUP, even though it is not specifically provided for, because it is clearly consistent with the following LUP decision(s) (objectives, terms, and conditions):

Part II: NEPA Review

Categorical Exclusion Review: This Proposed Action qualifies as a categorical exclusion under:

- 43 CFR 46.210 DOI Implementation of NEPA of 1969, Listing of Departmental Categorical Exclusions (*formerly 516 DM2 Appendix 1*)
- 516 DM 11.9, (BLM) E. Realty: 9: Renewals and assignments of leases, permits, or rights-of-way where no additional rights are conveyed beyond those granted by the original authorizations.

ESA and BLM Sensitive Status Species

Evaluation Criteria	Yes	No
1. Are species listed under the Endangered Species Act likely to occur in the project area? If yes, list the species in Table 1 below. Verify with USFWS or use approved list.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2. Are BLM NV Sensitive Species, based upon the current IM, likely to occur in the project area? If yes, list the species in the Table 1 below.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
3. Could the proposed action result in “take” under the Migratory Bird Treaty Act? If yes, attach appropriate mitigation measures.	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Table 1. Special Status Species that may occur in the project area:

ESA	BLM	Common (Scientific) Name	May Be Affected?	Mitigation for BLM Sensitive Species (The following stipulation(s) is/are recommended to be applied to the authorization) (Attach ESA Section 7 Compliance to Form, if applicable)
<input type="checkbox"/>	<input checked="" type="checkbox"/>	Greater sage-grouse (<i>Centrocercus urophasianus</i>)	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	Restrict pipeline maintenance activities from March 1 st through June 30 th , during early morning (before 10am) and late evening (after 4pm), to prevent noise disturbance to leks, ranging from 0.7 miles to 3 miles away from the roads.
<input type="checkbox"/>	<input checked="" type="checkbox"/>	Migratory Birds – see Table 2	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	See MBTA Table 2.
<input type="checkbox"/>	<input type="checkbox"/>		<input type="checkbox"/> Yes <input type="checkbox"/> No	

Table 2. Migratory Bird Treaty Act Consideration

Potential MBTA Species w/in the Project Area Common (Scientific) Name	May Be Affected?	Recommended Mitigation (The following stipulation(s) is/are recommended to be applied to the authorization)
The following is a representative, but not an inclusive list of migratory birds that may utilize the proposed project area: black-throated sparrow (<i>Amphispiza bilineata</i>), northern harrier (<i>Circus cyaneus</i>), Brewer’s sparrow (<i>Spizella breweri</i>), American kestrel (<i>Falco sparverius</i>),	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	In order to avoid potential impacts to breeding migratory birds, a nest survey shall be conducted by a qualified biologist within potential breeding habitat prior to any surface disturbance proposed during the avian breeding season (March 1 st through August 31 st). Surveys must be conducted no more than 10 days and no less than 3 days prior to initiation of disturbance. Surveys must follow established BLM standards and protocols, and should be approved by the BLM biologist prior to being implemented. If active nests are located, the BLM biologist must be notified immediately and appropriate protection measures which may include avoidance or

burrowing owl (<i>Athene cunicularia</i>), rock wren (<i>Salpinctes obsoletus</i>), loggerhead shrike (<i>Lanius ludovicianus</i>), sage sparrow (<i>Amphispiza belli</i>), western meadowlark (<i>Sturnella neglecta</i>), northern goshawk (<i>Accipiter gentilis</i>), prairie falcon (<i>Falco mexicanus</i>), and ferruginous hawk (<i>Buteo regalis</i>)		restriction of activities will be established. If no active nests are present in the area surveyed, implementation of the project should commence within 10 days of survey completion.
	<input type="checkbox"/> Yes <input type="checkbox"/> No	
	<input type="checkbox"/> Yes <input type="checkbox"/> No	
	<input type="checkbox"/> Yes <input type="checkbox"/> No	

Mitigation Measures/Remarks (The following stipulation(s) is/are recommended to be applied to the authorization):

- Restrict pipeline maintenance activities from March 1st through June 30th, during early morning (before 10am) and late evening (after 4pm), to prevent noise disturbance to leks, ranging from 0.7 miles to 3 miles away from the roads.**
- In order to avoid potential impacts to breeding migratory birds, a nest survey shall be conducted by a qualified biologist within potential breeding habitat prior to any surface disturbance proposed during the avian breeding season (March 1st through August 31st). Surveys must be conducted no more than 10 days and no less than 3 days prior to initiation of disturbance. Surveys must follow established BLM standards and protocols, and should be approved by the BLM biologist prior to being implemented. If active nests are located, the BLM biologist must be notified immediately and appropriate protection measures which may include avoidance or restriction of activities will be established. If no active nests are present in the area surveyed, implementation of the project should commence within 10 days of survey completion.**

The Proposed Action has been reviewed to determine if any exceptions described in 43 CFR 46.215 Categorical Exclusions: Extraordinary Circumstances apply. (See attached page)

Part III: DECISION:

I have reviewed this plan conformance and NEPA compliance record and have determined that the proposed project is in conformance with the approved land use plan and that no other environmental analysis is required.

Project authorization is subject to mitigation measures identified above. (This is a NEPA Decision. A separate program implementation decision is necessary.)

Based on regulatory authority or law that allows BLM to take action, it is my decision to allow for implementation of the project, as described, with the mitigation measures identified above and attached as stipulations, conditions of approval, terms of conditions, etc. This is a combined NEPA and program implementation decision.

Authorized Official /s/ Steve Sappington for James W. Schroeder Date: 4/6/2015

Administrative Review or Appeal Opportunities

A person who wishes to appeal to the Interior Board of Land Appeals must do so under 43 CFR 4.411 and must file in the office of the officer who made the decision (not the board), in writing to James W. Schroeder, Field Manager, Humboldt River Field Office, 5100 East Winnemucca Boulevard, Winnemucca, Nevada 89445. A person served with the decision being appealed must transmit the notice of appeal in time to be filed in the office where it is required to be filed within thirty (30) days after the date of service.

The notice of appeal must give the serial number or other identification of the case and may include a statement of reasons for the appeal, a statement of standing if required by § 4.412(b), and any arguments the appellant wishes to make. Form 1842-1 provides additional information regarding filing an appeal.

No extension of time will be granted for filing a notice of appeal. If a notice of appeal is filed after the grace period provided in §4.401(a), the notice of appeal will not be considered and the case will be closed by the officer from whose decision the appeal is taken. If the appeal is filed during the grace period provided in §4.401(a) and the delay in filing is not waived, as provided in that section, the notice of appeal will not be considered and the appeal will be dismissed by the Board.

The appellant shall serve a copy of the notice of appeal and any statements of reason, written arguments, or briefs under §4.413 on each adverse party named in the decision from which the appeal is taken and on the Office of the Solicitor, Pacific Southwest Regional Solicitor, U.S. Department of the Interior, 2800 Cottage Way, Room E-2753, Sacramento, California 95825-1890. Service must be accompanied by personally serving a copy to the party or by sending the document by registered or certified mail, return receipt requested, to the address of record in the bureau, no later than 15 days after filing the document.

Applicant: Roger and Nancy Johnson

Project Title: Pipeline ROW Renewal

In addition, within thirty (30) days of receipt of this decision you have the right to file a petition for a stay together with your appeal in accordance with the regulations at 43 CFR 4.21. The petition must be served upon the same parties specified above.

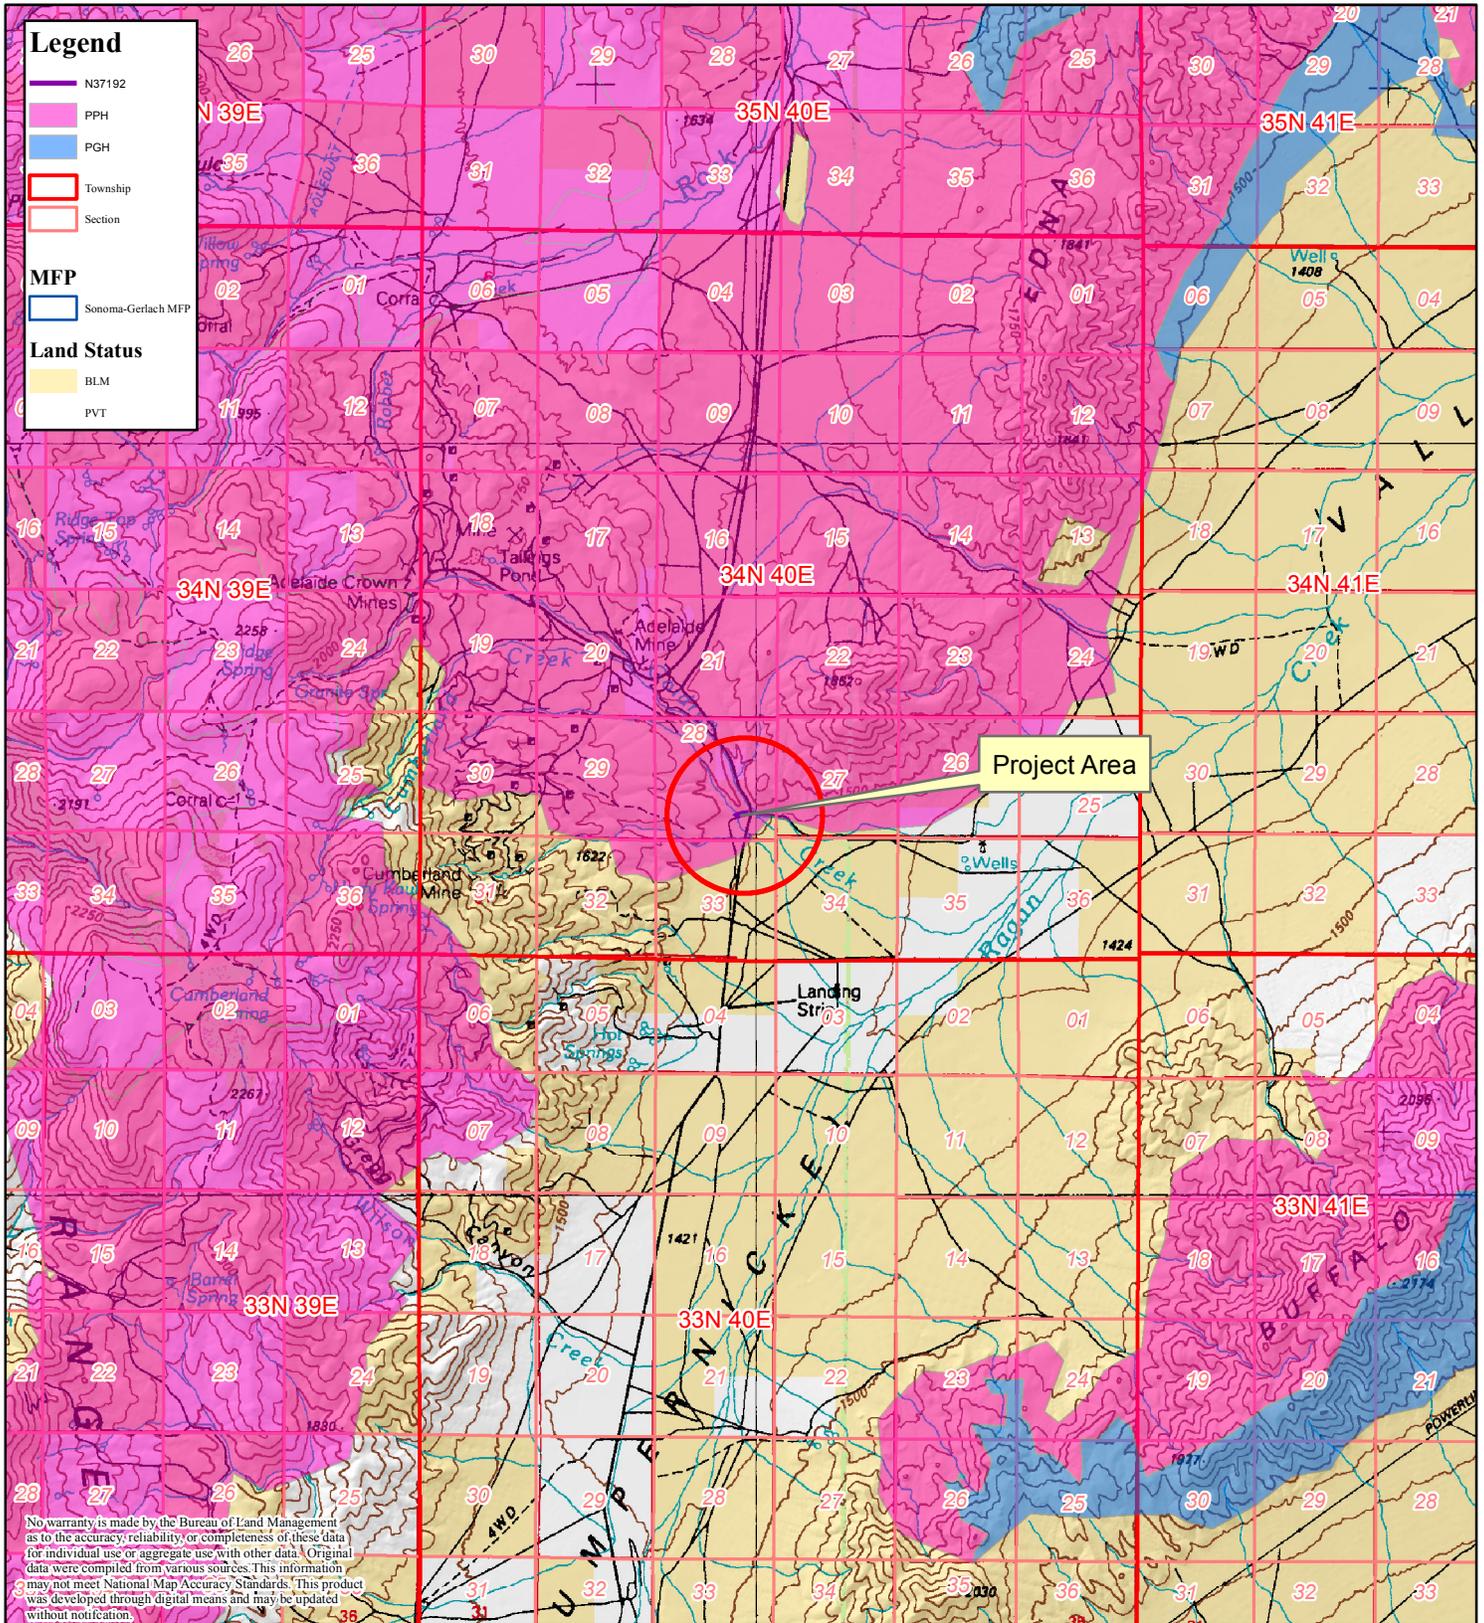

Pursuant to 43 CFR 4.471(c), a petition for stay, if filed, must show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied;
- (2) The likelihood of the appellant's success on the merits;
- (3) The likelihood of immediate and irreparable harm if the stay is not granted; and,
- (4) Whether the public interest favors granting the stay.

43 CFR 4.471 (d) provides that the appellant requesting a stay bears the burden of proof to demonstrate that a stay should be granted.

At the conclusion of any document that a party must serve, the party or its representative must sign a written statement certifying that service has been or will be made in accordance with the applicable rules and specifying the date and manner of such service (43 CFR 4.422(c)(2)).
