1.1. November 2015 Oil and Gas Lease Sale

DOI-BLM-UT-G010-2015-0089-EA

I have reviewed Environmental Assessment (EA) DOI-BLM-UT-G010-2014-0089-EA, November 2015. After consideration of the environmental effects as described in the EA, and incorporated herein, I have determined that the proposed action identified in the EA will not significantly affect the quality of the human environment and that an Environmental Impact Statement (EIS) is not required to be prepared.

I have the proposed action is in conformance with the approved 2008 Vernal Resource Management Plan, and is consistent with applicable plans and policies of county, state, tribal and Federal agencies. This finding and conclusion is based on my consideration of the Council on Environmental Quality's (CEQ) criteria for significance (40 CFR 1508.27), both with regard to the context and the intensity of impacts described in the EA.
