Solicitation # L14PS00389
DOI-BLM-UT-C020-2015-0032-EA

Based on the analysis of potential environmental impacts contained in the attached environmental assessment, and considering the significance criteria in 40 CFR 1508.27, I have determined that with applicable mitigating measures and acquisition of required permits, the Axtell Off-Range Corral (ORC) for wild horses will not have a significant effect on the human environment. An environmental impact statement is therefore not required.
