DECISION RECORD

Decision

It is my decision to implement the proposed action on BLM-managed lands only as it relates to the reclamation of the shooting/dumping area as described in the attached Categorical Exclusion documentation, DOI-BLM-AK-020-2015-0016-CX. BLM's contractor will remove shooting debris from Lot 3, USS 906, also known as the Haines Highway Mile Post 7 Dumpsite.

Rationale for the Decision

The proposed action has been reviewed by Glennallen Field Office staff and appropriate Project Design Features, as specified, will be incorporated during project implementation. Based on the attached Categorical Exclusion review, I have determined that the proposed action involves no significant impact to the human environment and no further analysis is required.

I am not authorizing the removal of the boardwalk with this decision record. At this time, the boardwalk provides the only feasible access to the 7-Mile Saddle (Mt. Ripinsky) trailhead. Alternatives for access are being considered under separate actions. Should alternate access be developed, a decision can be made at a later time to remove the existing boardwalk.

The action is necessary so that BLM can protect human safety & health, restore uplands environmental health, protect wetlands, and to enable conveyance of Lot 3, USS 906 from federal ownership.

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of decision pending appeal shall show sufficient justification based on the following standards: (a) The relative harm to the parties if the stay is granted or denied, (b) The likelihood of the appellant's success on the merits, (c) The likelihood of immediate and irreparable harm if the stay is not granted, and (d) Whether the public interest favors granting the stay.

Copies of the notice of appeal and petition for a stay must also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the Office of the Solicitor (see 43 CFR § 4.413); Office of the Regional Solicitor, Alaska Region, U.S. Department of the Interior, 4230 University Drive, Suite 300, Anchorage, Alaska 99508; at the same time the original documents are filed with this office.
