The National Defense Authorization Act for Fiscal Year 2015, Sec. 3007 *Idaho County, Idaho, shooting range land conveyance*, directed the Secretary of the Interior to convey a public land parcel to Idaho County. The following is the legal description of the subject lands just north of Riggins, Idaho:

T. 24 N., R. 1 E., B.M., Section 2: lots 11 – 13, inclusive,  
which contains 35.53 acres in Idaho County, Idaho

The enclosed map, *Conveyance Parcel*, shows the subject parcel which is currently a part of your Bureau of Land Management (BLM) Lucile Bar Allotment #36266. A search of our files did not locate any records of authorized range improvements located on the parcel.

You are being provided official notice of this land conveyance in accordance with Federal regulations at 43 CFR 4110.4-2(b), which provide you a minimum of two years prior notification before grazing use may be precluded on lands to be removed from public ownership or devoted to purposes which preclude livestock grazing. These regulations also provide you an opportunity to waive the two-year notification period. If you choose to waive the two-year notification period, please sign the enclosed waiver form and return it to this office.

After the completion of the conveyance of the subject parcel to Idaho County, you will receive a grazing decision specifying the reduction in acreage of your Lucile Bar Allotment, as well as a proportionate reduction of the active animal unit months (AUMs) shown on your grazing lease, currently estimated to be three AUMs.

If you have any questions concerning this notice, please contact Lynn Danly, Natural Resource Specialist, at (208) 962-3797.

Sincerely,

/s/

**Two Year Notification of Public Land Transfer  
Waiver of Notification Requirements**

I, Jim Rupp, the authorized officer for Fiddle Creek Ranch which holds Bureau of Land Management grazing lease #1106266 for the Lucile Bar Allotment #36266, have been informed of the potential transfer of the following lands out of public ownership:

T. 24 N., R. 1 E., B.M., Section 2: lots 11 – 13, inclusive,  
which contains 35.53 acres in Idaho County, Idaho

The above described lands are located within the Lucile Bar Allotment and support approximately three active animal unit months (AUMs).

I understand that if I do not sign this waiver, the BLM will require the patentee to take the lands subject to my existing grazing authorization for the remainder of the two year notification period.

I agree to the proposed conveyance of the lands without such condition. I also understand that the BLM will issue a decision removing the described parcel from my grazing allotment and reducing my active AUMs by approximately three AUMs to reflect the loss in forage arising from the conveyance of the Federal lands.
