

Bureau of Land Management STANDARD STIPULATIONS

AZA-(36820 Cochise County (Moson Road))

TEMPORARY USE PERMIT

1.0 Definitions

- 1.1. The Tucson Field Manager or its designee is the Authorized Officer (AO), as defined by 43 CFR 2920.0-5(c).
- 1.2. "Grantee," or "holder," means Cochise County, and any and all assignees that may be of record, including all agents, contractors, sub-contractors, and employees.
- 1.3. "Grant," means the temporary use permit, license, lease, permit, or other permission granted by the United States to the grantee for the use of public lands and resources.

2.0 General

- 2.1. The temporary use permit reserves to the Secretary of the Interior, or lawful delegates, the right to grant additional rights-of-way, leases, or easements for compatible uses over, under, within or adjacent to the lands involved in this grant.
- 2.2. The temporary use permit grant herein granted shall be subject to the express covenant that it will be modified, adapted, or discontinued if found by the Secretary to be necessary, without liability or expense to the United States, so as not to conflict with the use and occupancy of the land for any authorized works which may be hereafter constructed thereon under the authority of the United States.
- 2.3. All activities directly or indirectly associated with construction, operation and maintenance shall be conducted within the limits of the approved temporary use permit. This temporary use permit does not allow for any surface-disturbing activities outside the temporary use permit area.
- 2.4. The holder shall comply with all State and Federal laws applicable to the authorized use and such additional state and Federal laws, along with the implementing regulations, that may be enacted and issued during the term of the grant.
- 2.5. The holder shall maintain the temporary use permit in a safe, useable condition as directed by the authorized officer and a regular maintenance program shall be maintained.

3.0 Environmental

- 3.1. All waste material resulting from construction or use of the site by holder shall be removed from the site and shall be disposed of promptly at an appropriate waste disposal site. "Waste" means all discarded matter including, but not limited to, human waste, trash, garbage, refuse, oil drums, petroleum products, ashes, and equipment.
- 3.2. The holder will maintain the road in a good and safe condition and also do mitigation for erosion control and dust mitigation.

- 3.3. The holder shall comply with all State and Federal laws applicable to the authorized use and such additional State and Federal laws, along with the implementing regulations, that may be enacted and issued during the term of the grant.

4.0 Cultural

- 4.1. Any archaeological or historical artifacts or remains, or vertebrate fossils discovered during operations shall be left intact and undisturbed; all work in the area shall stop immediately and the AO shall be notified immediately. Commencement of operations shall be allowed upon clearance by the AO.
- 4.2. If, in connection with operations under this authorization, any human remains, funerary objects, sacred objects or objects of cultural patrimony as defined in the Native American Graves Protection and Repatriation Act (16 U.S.C. 5061-5068; 54 Stat. 2688; 25 U.S.C. 3001) are discovered by the holder, or any person working on his behalf, on public or Federal lands, shall be immediately reported to the AO. The holder shall continue to protect the immediate area of the discovery until notified by the AO that operations may resume.
- 4.3. An evaluation of the discovery will be made by the AO to determine appropriate actions to prevent the loss of significant cultural or scientific values. The holder will be responsible for the cost of the evaluation and the AO will make any decision as to proper mitigation measure after consulting with the holder. An additional cultural and paleontological resource survey may be required in the event the project location is changed or additional surface disturbing operations are added to the project after the initial survey. Any such survey would have to be completed prior to commencement of operations.

5.0 Hazardous Materials/Pesticides/Liability

- 5.1. The holder(s) shall comply with all applicable Federal laws and regulations existing or hereafter enacted or promulgated. In any event, the holder(s) shall comply with the Toxic Substances Control Act of 1976, as amended (15 U.S.C. 2601, et seq.) with regard to any toxic substances that are used, generated by or stored on the temporary use permit or on facilities authorized under this temporary use permit grant. (See 40 CFR, Part 702-799 and especially, provisions on polychlorinated biphenyls, 40 CFR 761.1-761.193.) Additionally, any release of toxic substances (leaks, spills, etc.) in excess of the reportable quantity established by 40 CFR, Part 117 shall be reported as required by the Comprehensive Environmental Response, Compensation and Liability Act of 1980, Section 102b. A copy of any report required or requested by any Federal agency or State government as a result of a reportable release or spill of any toxic substances shall be furnished to the AO concurrent with the filing of the reports to the involved Federal agency or State government.
- 5.2. The holder of Temporary use permit number. AZA36820 agrees to indemnify the United States against any liability arising from the release of any hazardous substance or hazardous waste (as these terms are defined in the Comprehensive Environmental Response, Compensation and Liability Act of 1980, 42 U.S.C. 9601, et seq., or the Resource Conservation and Recovery Act of 1976, 42 U.S.C. 6901, et seq.) on the temporary use permit (unless the release or threatened release is wholly unrelated to the temporary use permit holder's activity on the temporary use

permit). This agreement applies without regard to whether a release is caused by the holder, its agent, or unrelated third party.

- 5.3. Use of pesticides or herbicides shall comply with the applicable Federal and State laws. Pesticides and herbicides shall be used only in accordance with their registered uses and within limitations imposed by the Secretary of the Interior. Prior to the use of pesticides or herbicides, the grantee shall obtain from the AO written approval of a plan showing the type and quantity of materials to be used, pest(s) to be controlled, method of application, location of storage and disposal of containers, and any other information deemed necessary by the AO. Emergency use of pesticides or herbicides shall be approved in writing by the AO prior to such use.

6.0 Water

- 6.1. The holder shall comply with the construction practices and mitigating measures established by 33 CFR 323.4, which sets forth the parameters of the "nationwide permit" required by Section 404 of the Clean Water Act. If the proposed action exceeds the parameters of the nationwide permit, the holder shall obtain an individual permit from the appropriate office of the Army Corps of Engineers and provide the authorized officer with a copy of same. Failure to comply with this requirement shall be cause for suspension or termination of this temporary use permit grant.

7.0 Weeds

- 7.1. The operator shall be held responsible if noxious weeds become established within the areas of operations. Weed control shall be required on the disturbed land where noxious weeds exist, which includes any access roads and adjacent land affected by the establishment of weeds as a result of this action. The operator shall consult with the authorized officer for acceptable weed control methods, which include following U.S. Environmental Protection Agency (EPA) and BLM requirements and policies.
- 7.2. Any vehicles or equipment that are brought in from outside the area will be power-washed including the undercarriage to prevent the introduction and spread of noxious weeds and/or invasive species.
- 7.3. Any fill dirt or other materials brought into the area will be weed free.
