DECISION
For Long Term Campsite SF5.8L**

DOI-BLM-AK-02000-2015-0014-CX

A Background

Proposed Action: Renewable Minimum Impact Land Use Permit (43 CFR 2920.06)

Date of Proposed Action: May 1, 2015 through April 30, 2018

Location: NW1/4/NW1/4, Sec.1 T26N. R18E (SF 5.8L)

Applicant: Mandy Flatt
507 Harmony Drive
North Aurora, IL 60542

Serial Number: FF096989

Description of Proposed Action:

Mandy Flatt submitted an application requesting a Long-Term Campsite (LTC) on the Main Stem of the Fortymile River. The site is located at the confluence of the North and South Fork River. The site is an improved LTC and has been used in the past by suction dredge miners for camping to support their state riverbed mining operations.

The site is described as (SF 5.8L) on the South Fork of the Fortymile River.

The applicant will use the site for camping and equipment storage. They will have a tent for cooking, tents for sleeping, a pit toilet, and a pit cooler. Access will be by watercraft from the South Fork River Bridge. This site has been analyzed in EA-AK-080-88-010 and no additional impacts are anticipated.

The proposed action must be screened against the extraordinary circumstances found in 43 CFR 46.215 and listed below. Any "yes" finding requires that an Environmental Assessment or Environmental Impact Statement be prepared for the Proposed Action.

EXTRAORDINARY CIRCUMSTANCES	YES/NO
1) May have significant impacts on public health or safety.	No
2) May have significant impacts on such natural resources and unique geographic characteristics as historic or cultural resources; park, recreation or refuge lands; wilderness areas; wild or scenic rivers; national natural landmarks; sole or principal drinking water aquifers; prime farmlands; wetlands (Executive Order 11990); floodplains (Executive Order 11988); national monuments; migratory birds; and other ecologically significant or critical areas.	No
3) May have highly controversial environmental effects or involve unresolved conflicts concerning alternative uses of available resources.	No
4) May have highly uncertain and potentially significant environmental effects or involve unique or unknown environmental risks.	No
5) Might establish a precedent for future action or represent a decision in principle about future actions with potentially significant environmental effects.	No
6) May have a direct relationship to other actions with individually insignificant but cumulatively significant environmental effects.	No
7) May have significant impacts on properties listed, or eligible for listing, on the National Register of Historic Places as determined by either the bureau or office.	No
8) May have significant impacts on species listed, or proposed to be listed, on the List of Endangered or Threatened Species, or have significant impacts on designated Critical Habitat for these species.	No
9) Might violate a Federal law, or a State, local, or tribal law or requirement imposed for the protection of the environment.	No
10) May have a disproportionately high and adverse effect on low income or minority populations (Executive Order 12898).	No
11) Might limit access to and ceremonial use of Indian sacred sites on Federal lands by Indian religious practitioners or significantly adversely affect the physical integrity of such sacred sites (Executive Order 13007).	No
12) Could contribute to the introduction, continued existence, or spread of noxious weeds or non-native invasive species known to occur in the area or actions that may promote the introduction, growth, or expansion of the range of such species (Federal Noxious Weed Control Act and Executive Order 13112).	No

Long Term Campsite FM 0.0**

Decision

It is my decision to approve the occupancy of an existing Long-Term Campsite(s), subject to existing Terms and Stipulations in the Environmental Assessment, EA No. AK-080-88-010, (see exhibit G) and the attached Special Stipulations (See Exhibits E)

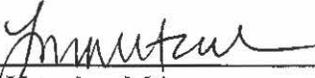

The minimum rental established by Instructional Memorandum AK-2005-028 should be applied. Therefore rent for this proposed activity shall be \$250.

Rationale

1. This action implements Action 6.1 of the Fortymile River Management Plan.
2. Authorizing Long-Term Campsites to suction dredge miners within the river corridor reduces the impacts by having the miners camp above the ordinary high water mark, out of sight to other river users.
3. There are no anticipated impacts to cultural resources.
4. The Proposed Action will not significantly restrict subsistence uses.
5. The proposed action would not impact salmon or habitat known to support salmon and therefore, the proposed action was assigned the EFH determination: *No effect*, and no further EFH consultation is required.

Appeal Procedures

This decision may be appealed to the Interior Board of Land Appeals, Office of Hearings and Appeals ,in accordance with 43 CFR Part 4 and DOI Form 1842-1. The notice of appeal must be filed in the Bureau of Land Management Eastern Interior Field Office (at the above address) within 30 days from receipt of this decision.
