13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

BOPCO, LP respectfully submits this sundry notice of intent to construct a 6" buried fiberglass SWD line. Line will adjoin Chevron USA's pending Rustler Bluff pipeline and Right of Way.

BOPCO will begin the line off the SW corner of the Poker Lake Unit CVX JV BS 016H well location. Due to existing buried lines running from this location, a new trench will be dug approximately 20' outside the well pad. The line will proceed to and across the North side of the pad, remaining as close as possible to existing disturbances. The line will then follow existing road and pipeline disturbances and Right-of-Ways to the Poker Lake Unit 079 location in Section 02.

Total length of proposed buried line is 3249.3', 2.87 acres. Route has been previously arch cleared.

14. I hereby certify that the foregoing is true and correct.
Electronic Submission #333246 verified by the BLM Well Information System For BOPCO LP, sent to the Carlsbad
