

**Table 1. Extraordinary Circumstances**

	<b>Extraordinary Circumstances</b>	<b>Affected Yes/No</b>	<b>Rationale</b>
(a)	Have significant impacts on public health or safety.	No	The proposed project would not affect public health or safety.
(b)	Have significant impacts on such natural resources and unique geographic characteristics as historic or cultural resources; park, recreation or refuge lands; wilderness areas; wild or scenic rivers; national natural landmarks; sole or principal drinking water aquifers; prime farmlands; wetlands (EO 11990); floodplains (EO 11988); national monuments; migratory birds; and other ecologically significant or critical areas.	No	The proposed action would have no significant impact to natural resources and unique geographical characteristics as historical or cultural resources.
(c)	Have highly controversial environmental effects or involve unresolved conflicts concerning alternative uses of available resources (National Environmental Policy Act Section 102(2)(E)).	No	The proposed action would have no highly controversial environmental effects or conflicts concerning alternatives use to resources.
(d)	Have highly uncertain and potentially significant environmental effects or involve unique or unknown environmental risks.	No	No significant environmental effects or unknown risks have been identified.
(e)	Establish precedent for future action or represent a decision in principle about a future consideration with significant environmental effects.	No	The proposed action will not establish future precedents.
(f)	Have a direct relationship to other actions with individually insignificant but cumulatively significant environmental effects.	No	The Proposed Action, when considered with other actions in the area, would not have cumulatively significant environmental effects to BLM lands and/or resources.
(g)	Have significant impacts on properties listed, or eligible for listing, on the National Register of Historic Places as determined by the bureau.	No	The proposed action would result in no significant impacts on properties listed, or eligible for listing on the National Register of Historic Places.
(h)	Have significant impacts on species listed, or proposed to be listed, on the List of Endangered or Threatened Species, or have significant impacts on designated Critical habitat for these species.	No	The proposed action would have no significant impacts on species listed, or proposed for listing as Threatened or Endangered, or result in significant impacts to identified Critical habitats.
(i)	Violate a Federal law, or a state, local, or tribal law or requirement imposed for the protection of the environment.	No	The Proposed Action would not violate a Federal law, or a state, local, or tribal law or a requirement imposed for the protection of the environment.
(j)	Have a disproportionately high and adverse effect on low income or minority populations (Executive Order 12898).	No	The Proposed Action would not have a disproportionately high and adverse effect on low income or minority populations.
(k)	Limit access to and ceremonial use of Indian sacred sites on Federal lands by Indian religious practitioners or significantly adversely affect the physical integrity of such sacred sites (Executive Order 13007).	No	The proposed project would not limit access to and ceremonial use of Indian sacred sites on Federal lands by Indian religious practitioners or significantly adversely affect the physical integrity of such sacred sites.

	<b>Extraordinary Circumstances</b>	<b>Affected Yes/No</b>	<b>Rationale</b>
(1)	Contribute to the introduction, continued existence, or spread of noxious weeds or non-native invasive species known to occur in the area or actions that may promote the introduction, growth, or expansion of the range of such species (Federal Noxious Weed Control Act and Executive Order 13112).	No	As proposed, the project design features would ensure that this project would not contribute to the introduction, continued existence, or spread of noxious weeds or non-native invasive species known to occur in the area or actions that may promote the introduction, growth, or expansion of the range of such species.
