Proposed Right-of-Way UTU-91621 for

Red Canyon Road (B259) Re-route

Based on the analysis of potential environmental impacts contained in the environmental assessment (DOI-BLM-UT-Y020-2016-0020), and considering the significance criteria in 40 CFR 1508.27, I have determined that authorization of right-of-way UTU-91621, Red Canyon Re-route, will not have a significant effect on the human environment. An environmental impact statement is therefore not required.
