DECISION RECORD

May 26, 2016
World Triathlon Corporation (Ironman)
Special Recreation Permit
Zachary Ukich
1705 Main St.
Sandpoint, ID 83864

Permit Application Approved

Decision: The Bureau of Land Management (BLM) Coeur d'Alene Field Office has received and evaluated the Special Recreation Permit (SRP) application for the World Triathlon Corporation (Ironman). It is my decision to issue an SRP to Ironman for a five year term, renewable upon written request annually from the permittee and by following successful compliance by the permittee with BLM stipulations. Ironman shall be authorized to park at Blackwell Island and have their water safety support use the boat launch to launch their vessels. Appropriate site fees will be paid upon occupying parking for the Ironman events. An annual permit fee of \$105 and proof-of-insurance certificate naming the Department of the Interior, Bureau of Land Management, as additional insured shall be required of the applicant before permit authorization.

Rationale: The decision to allow Ironman to use Blackwell Island complies with the approved Coeur d'Alene Resource Management Plan. Actions RC-1.2.4 and RC-1.2.5 authorize Special Recreation Permits (SRPs) within the Coeur d'Alene Lake Special Recreation Management Area (SRMA). The event would cause no significant environmental effects, as described in the Categorical Exclusion Documentation.

Authority: The authority for this decision is contained in **§43 CFR 2932** *Special Recreation Permits for Commercial Use, Competitive Events, Organized Groups, and Recreation Use in Special Areas*.

Appeals: This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR Part 4, and the enclosed Form 1842-1, Information on Taking Appeals to the Interior Board of Land Appeals. If you appeal this decision, your Notice of

Appeal must be filed in this office (at the above address) within 30 days from your receipt of this decision. The appellant has the burden of showing that the decision under appeal is in error.

GENERAL TERMS

- a. The permittee shall comply with all Federal, State, and local laws; ordinances; regulations; orders; postings; or written requirements applicable to the area or operations covered by the Special Recreation Permit (SRP or permit). The permittee shall ensure that all persons operating under the authorization have obtained all required Federal, State, and local licenses or registrations. The permittee shall make every reasonable effort to ensure compliance with these requirements by all agents of the permittee and by all clients, customers, participants, and spectators.
- b. An SRP authorizes special uses of the public lands and related waters and, should circumstances warrant, the permit may be modified by the BLM at any time, including modification of the amount of use. The authorized officer may suspend or terminate an SRP if necessary to protect public resources, health, safety, the environment, or because of non-compliance with permit stipulations. Actions by the BLM to suspend or terminate an SRP are appealable.
- c. No value shall be assigned to or claimed for the permit, or for the occupancy or use of Federal lands or related waters granted thereupon. The permit privileges are not to be considered property on which the permittee shall be entitled to earn or receive any return, income, price, or compensation. The use of a permit as collateral is not recognized by the BLM.
- d. Unless expressly stated, the permit does not create an exclusive right of use of an area by the permittee. The permittee shall not interfere with other valid uses of the federal land by other users. The United States reserves the right to use any part of the area for any purpose.
- e. The permittee or permittee's representative may not assign, contract, or sublease any portion of the permit authorization or interest therein, directly or indirectly, voluntarily or involuntarily. However, contracting of equipment or services may be approved by the authorized officer in advance, if necessary to supplement a permittee's operations. Such contracting should not constitute more than half the required equipment or services for any one trip or activity and the permittee must retain operational control of the permitted activity. If equipment or services are contracted, the permittee shall continue to be responsible for compliance with all stipulations and conditions of the permit.
- f. All advertising and representations made to the public and the authorized officer must be accurate. Although the addresses and telephone numbers of the BLM may be included in advertising materials, official agency symbols may not be used. The permittee shall not use advertising that attempts to portray or represent the activities as being conducted by the BLM. The permittee may not portray or represent the permit fee as a special federal user's tax. The permittee must furnish the authorized officer with any current brochure and price list if requested by the authorized officer.
- g. The permittee assumes responsibility for inspecting the permitted area for any existing or new hazardous conditions, e.g., trail and route conditions, landslides, avalanches, rocks, changing water or weather conditions, falling limbs or trees, submerged objects, hazardous flora/fauna, abandoned mines, or other hazards that present risks for which the permittee assumes responsibility.
- h. In the event of default on any mortgage or other indebtedness, such as bankruptcy, creditors shall not succeed to the operating rights or privileges of the permittee's SRP.
- i. The permittee cannot, unless specifically authorized, erect, construct, or place any building, structure, or other fixture on public lands. Upon leaving, the lands must be restored as nearly as possible to pre-existing conditions.
- j. The permittee must present or display a copy of the SRP to an authorized officer's representative, or law enforcement personnel upon request. If required, the permittee must display a copy of the permit or other identification tag on equipment used during the period of authorized use.
- k. The authorized officer, or other duly authorized representative of the BLM, may examine any of the records or other documents related to the permit, the permittee or the permittee's operator, employee, or agent for up to three years after expiration of the permit.
- l. The permittee must submit a post-use report to the authorized officer according to the due dates shown on the permit. If the post-use report is not received by the established deadline, the permit will be suspended and/or late fees assessed.
- m. The permittee shall notify the authorized officer of any incident that occurs while involved in activities authorized by these permits, which result in death, personal injury requiring hospitalization or emergency evacuation, or in property damage greater than \$2,500 (lesser amounts if established by State law). Reports should be submitted within 24 hours.
