Proposed Action Title/Type: Negotiated Gravel Sale L & A Entity, LLC

Location of Proposed Action: This project is located at T 17 N R 42 E Section 19

Description of Proposed Action: We are permitting L & A Entity, LLC dba Kara Lenox to remove 600 cubic yards of gravel out of an existing Lander County Gravel Pit (NVN-091299). No new disturbance is being permitted.

B. Land Use Plan Conformance

Land Use Plan Name: NV - Shoshone-Eureka RMP

Date Approved/Amended: February 26, 1986

The proposed action is in conformance with the applicable LUP because it is specifically provided for in the following LUP decision(s): The proposed action falls under the SERA ROD p. 29 Minerals Objectives #1: Make available and encourage development of mineral resources to meet national, regional and local needs consistent with national objectives for an adequate supply of minerals; and #2: Assure that mineral exploration, development and extraction are carried out in such a way as to minimize environmental and other resource damage and to provide, where legally possible, for the rehabilitation of lands.

MD MR 21: PHMAs are closed to new mineral material sales. However, these areas remain open to free use permits and the expansion of existing active pits, if requirements in MD MR 20 are met. This pit is existing and no new disturbance is authorized.

The proposed action is in conformance with the LUP, even though it is not specifically provided for, because it is clearly consistent with the following LUP decision(s) (objectives, terms, and conditions) : NA

C. Compliance with NEPA:

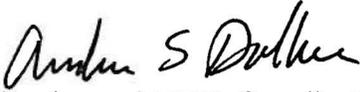

The Proposed Action is categorically excluded from further documentation under the National Environmental Policy Act (NEPA) in accordance with 43 CFR 46.215,

This categorical exclusion is appropriate in this situation because there are no extraordinary circumstances potentially having effects that may significantly affect the environment. The proposed action has been reviewed, and none of the extraordinary circumstances described in 43 CFR 46.210 apply.

I considered: all pertinent ecological, social and environmental factors which may be impacted by this project. In addition, I have reviewed the plan conformance statement and have determined

that the proposed action is in conformance with the approved land use plan and that no further environmental analysis is required. The continued extraction of sand and gravel from this existing mineral materials source will not significantly affect the environment.
