

Hey, thanks for coming out. We appreciate you hearing us. My name is Karl Lybrand. I work for Cloud Peak Energy. I grew up in a world of abject poverty, squalor. I'm well acquainted with the trust. It's a ten-year trust. As graphic as they are, movies like (inaudible) don't come close, straight up. I have two children. My son is 21. He's pre-law. My daughter is 12. She's in middle school. They have no understanding of the world I grew up in. I think that's enough. Thank you.
