While you may request that we withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Comments (use back if needed):

It's so hard to understand why The federal government
is involved in picking winners & losers Industries.
Coal Provides so much To everyday Life.
Why would we want To Kill an Industry That
Put so much money back Into The Community,
and support Industries That only exist
ON THE BACK OF Tax Payers?

This makes no sense!
