Comments (use back if needed):

MUST DO'S
1- Economic impact of electric power cost rising three fold or more if solar or wind replace coal energy. Study & Release Impartially ASAP!
2- Release the true economic AND environmental impact of wind energy. The special treatment of industry.
• Highlight cost to wildlife
• Highly subsidizing, no royalties, low rents on lands
In leasing program ^{BLM} must eval. costs impacts, returns of alternative energies
