Public Disclosure. Before including your address, e-mail address, or other personal identifying information in your comment, please be advised that your entire comment, including your personal identifying information, may be made publicly available at any time. While you may request that we withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Comments (use back if needed):

I think we need to invest in
clean energy, and stop climate-
changing energy sources such
as coal, oil, fracking, and
nuclear power.

~~Our~~ Our National Parks and
the tourism industry will be
adversely affected if we continue
to sell public lands to the highest
bidder.

Thank you.
