I am a mother, retired school  
teacher and a Unitarian Universalist.  
I am disturbed, confused & angry.  
"King" Coal has been ripping us off  
for decades. He pays US citizens  
pennies and gathers \$ while des-  
traying our health and worse, our  
future.

I want to thank the Obama admini-  
stration & Secretary Jewel for having  
a moratorium and now a review  
of this truly flawed process of sub-

sidizing our own distraction via  
the degrading, destabilizing impacts  
of burning coal in this the 21st  
century.

For our sake, for our kids'  
sake for our planets sake, we  
must keep it in the ground.  
Let's bury "King" Coal, Instead  
of subsidizing the past, invest  
in the future!
