Comments (use back if needed):

It is long, long overdue for BLM to
STOP coal mining on federal lands.
It is high time for the federal
government to do all it can to
reduce carbon emissions. That
means transition quickly to
clean energy - specifically solar,
thermal, wind + water.
Keep coal and oil in the ground.
Stop sacrificing public lands,
public health to support
private profiteering off U.S.
taxpayers. Thank you!
