Public Disclosure. Before including your address, e-mail address, or other personal identifying information in your comment, please be advised that your entire comment, including your personal identifying information, may be made publicly available at any time. While you may request that we withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Comments (use back if needed):

Please review

- the low royalty rate and lack of competition in bidding

"value coal" from end use rather than value at mine

- require coal companies to provide adequate funds for cleanup of toxic sites

- climate impacts need to be included in analysis

- consider funding to help mining labor retool for jobs in alternative energy, environmental tourism
