Comments (use back if needed):

I had no idea that public land is where
coal companies mine 40% of the coal they
~~mine~~ Coal plays a huge role in ^{sell}
the alarming increase in CO₂ in our air.
We are morally and legally obligated to
stop this, for the sake of future generations.
As a taxpayer and citizen, as a mother
and teacher, I ask that this practice - leasing
to coal companies - be stopped.

Thank you
Nancy Shimeall
