BLM

CATEGORICAL EXCLUSION DOCUMENTATION FORMAT WHEN USING CATEGORICAL EXCLUSIONS NOT ESTABLISHED BY STATUTE

A. Background

BLM Office: Moab Field Office

Serial Case File No: UTU-92005

Proposed Action Title/Type: Film Permit – motion photography

Locations of Proposed Action:

SLM,

Hell's Revenge:

T. 25 S., R. 21 R., sec. 25, SE $\frac{1}{4}$ SE $\frac{1}{4}$. T. 25 S., R. 22 R., sec. 30 & 31.

T. 26 S., R. 21 R., sec. 5 & 6.

Description of Proposed Action:

On September 1, 2016, Manon van Vugt, on behalf of BNN-VARA, filed film permit application UTU-92005 to do motion photography to be used for tourism promotion. The film crew would be transported by a commercial tour company, Moab Cowboy Country Off-Road Adventures, on the Hell's Revenge Trail located at the Sand Flats Recreation Area in Grand County, BLM land within the Moab Field Office. Filming would be done using a hand-held camera. The 1-day (3-hour) photo shoot would occur on September 8, 2016. There would be up to 5 people on the crew and 1 vehicle involved in the project. All vehicles, mountain bicycles and ATVs would remain on designated roads/pull-outs/parking areas.

B. Land Use Plan Conformance

Moab Field Office RMP, Approved October 2008

This is shown on page 65 of the plan and reads as follows: "Meet public needs for use authorizations such as rights-of-way, alternative energy sources, and permits while minimizing adverse impacts to resource values."

C. Compliance with NEPA

The Proposed Action is categorically excluded from further documentation under the National Environmental Policy Act (NEPA) in accordance with 516 DM 11.5(E) 19. This reference states "issuance of short-term (3 years or less) rights-of-way or land use authorizations...where the proposal includes rehabilitation to restore the land to its natural or original condition."

This categorical exclusion is appropriate in this situation because there are no extraordinary circumstances potentially having effects that may significantly affect the environment. The proposed action has been reviewed, and none of the extraordinary circumstances described in 43 CFR Part 46.215 applies.

Exceptions to Categorical Exclusion Documentation

The action has been reviewed to determine if any of the extraordinary circumstances (43 CFR 46.215) apply. The project would:

Extraordinary Circumstances		
1. Have significant impacts on public health or safety.		
Yes	No X	Rationale: The proposed filming project is not likely to result in significant impacts to public health or safety. To keep impacts to a minimum and not impair public health or safety, the applicant would obtain, maintain and abide by all relevant Federal, state and local government requirements.
2. Have significant impacts on such natural resources and unique geographic characteristics as historic or cultural resources; park, recreation or refuge lands; wilderness areas; wild or scenic rivers; national natural landmarks; sole or principal drinking water aquifers; prime farmlands; wetlands (Executive Order 11990); floodplains (Executive Order 11988); national monuments; migratory birds; and other ecologically significant or critical areas.		
Yes	No X	Rationale: Conformance with the Land Use Plan and Categorical Exclusion Review Records has been completed indicating none of the above concerns are present in the described locations and that significant impacts are not anticipated as a result of the proposed filming activity.
3. Have highly controversial environmental effects or involve unresolved conflicts concerning alternative uses of available resources [NEPA section 102 (2) (E)].		
Yes	No X	Rationale: As described, the proposed action is categorically excluded under 11.5E (19). Categorically excluded actions generally have very predictable consequences well established as insignificant and, therefore, would not create environmental effects that would generate controversy or involve unresolved conflicts concerning alternative uses of available resources. No controversial effects or conflicts have been identified with this filming project.
4. Have highly uncertain and potentially significant environmental effects or involve unique or unknown environmental risks.		
Yes	No X	Rationale: The proposed project would not result in uncertain or unknown environmental risks.
5. Establish a precedent for future action or represent a decision in principal about future actions with potentially significant environmental effects.		
Yes	No X	Rationale: The proposed project is not connected to another action and would not set a precedent for future actions that would normally require environmental analysis.

Extraordinary Circumstances

6. Have a direct relationship to other actions with individually insignificant but cumulatively significant environmental effects.

Yes	No X	Rationale: Filming in the requested location would not have a direct relationship to other actions that would create cumulatively significant environmental effects.
------------	-----------------------	---

7. Have significant impacts on properties listed, or eligible for listing, on the National Register of Historic Places as determined by the bureau.

Yes	No X	Rationale: The nature of the proposed action is such that no impact can be expected on significant cultural resources.
------------	-----------------------	---

8. Have significant impacts on species listed, or proposed to be listed, on the List of Endangered or Threatened Species, or have significant impacts on designated Critical Habitat for these species.

Yes	No X	Rationale: The filming project would not have impacts of this kind.
------------	-----------------------	--

9. Violate a Federal law, or a State, local or tribal law or requirement imposed for the protection of the environment.

Yes	No X	Rationale: The applicant would be required to maintain and abide by all relevant Federal, state and local laws throughout the term of the permit.
------------	-----------------------	--

10. Have a disproportionately high and adverse effect on low income or minority populations (Executive Order 12898).

Yes	No X	Rationale: The proposed filming project would not have an adverse effect on low income or minority populations.
------------	-----------------------	--

11. Limit access to and ceremonial use of Indian sacred sites on Federal lands by Indian religious practitioners or significantly adversely affect the physical integrity of such sacred sites (Executive Order 13007).

Yes	No X	Rationale: There are no known Indian ceremonial or sacred sites within the proposed locations.
------------	-----------------------	---

12. Contribute to the introduction, continued existence, or spread of noxious weeds or non-native invasive species known to occur in the area or actions that may promote the introduction, growth, or expansion of the range of such species (Federal Noxious Weed Control Act and Executive Order 13112).

Yes	No X	Rationale: The proposed filming project should not result in introduction or spread of noxious weeds.
------------	-----------------------	--

Approval and Decision

I have reviewed this plan conformance and NEPA compliance record and have determined that the proposed project is in conformance with the Moab Field Office RMP, approved October 2008, and that no further environmental analysis is required.

It is my decision to grant land use permit UTU-92005 to BNN-VARA of The Netherlands pursuant to the authority of Section 302(b) of P.L. 579, October 21, 1976 (43 U.S.C. 1732). The permit will authorize 1 day of filming on public land in Grand County described below and shown on the attached map.

SLM,

Hell's Revenge:

T. 25 S., R. 21 R., sec. 25, SE $\frac{1}{4}$ SE $\frac{1}{4}$. T. 25 S., R. 22 R., sec. 30 & 31.

T. 26 S., R. 21 R., sec. 5 & 6.

Rationale: The proposal meets the criteria for minimum impact filming in WO Instruction Memorandum 96-148 and the guidelines in 43 CFR 2920.2-2 and is therefore, a full force and effect decision. The proposed action is not within a WSA or an area that requires additional NEPA analysis. The proposed action would not result in unnecessary or undue environmental degradation.

This decision shall take effect immediately upon the date it is signed by the Authorized Officer and shall remain in effect while any appeal is pending unless the Interior Board of Land Appeals issues a stay. Any appeal of this decision must follow the procedures set forth in 43 CFR Part 4. Within 30 days of the decision, a notice of appeal must be filed in the office of the Authorized Officer at 82 East Dogwood, Moab, UT 84532. If a statement of reasons for the appeal is not included with the notice, it must be filed with the Interior Board of Land Appeals, Office of Hearings and Appeals, U.S. Department of the Interior, 801 North Quincy St., Suite 300, Arlington, VA 22203 within 30 days after the notice of appeal is filed with the Authorized Officer.

If you wish to file a petition for stay pursuant to 43 CFR Part 4.21(b), the petition for stay should accompany your notice of appeal and shall show sufficient justification based on the following standards:

1. The relative harm to the parties if the stay is granted or denied,
2. The likelihood of the appellant's success on the merits,
3. The likelihood of irreparable harm to the appellant or resources if the stay is not granted, and
4. Whether the public interest favors granting the stay.

If a petition for stay is submitted with the notice of appeal, a copy of the notice of appeal and petition for stay must be served on each party named in the decision from which the appeal is taken, and with the IBLA at the same time it is filed with the Authorized Officer. A copy of the notice of appeal, any statement of reasons, and all pertinent documents must be served on each adverse party named in the decision from which the appeal is

taken and on the Office of the Regional Solicitor, U.S. Department of the Interior, 6201 Federal Building, 125 South State Street, Salt Lake City, UT 84138-1180, not later than 15 days after filing the document with the Authorized Officer and/or IBLA.

Christina Price, Acting Field Manager: *Christina Price* Date: *9/6/2016*
