

Bull Mountain Master Development Plan Environmental Impact Statement

September 2014

BLM

EIS Schedule

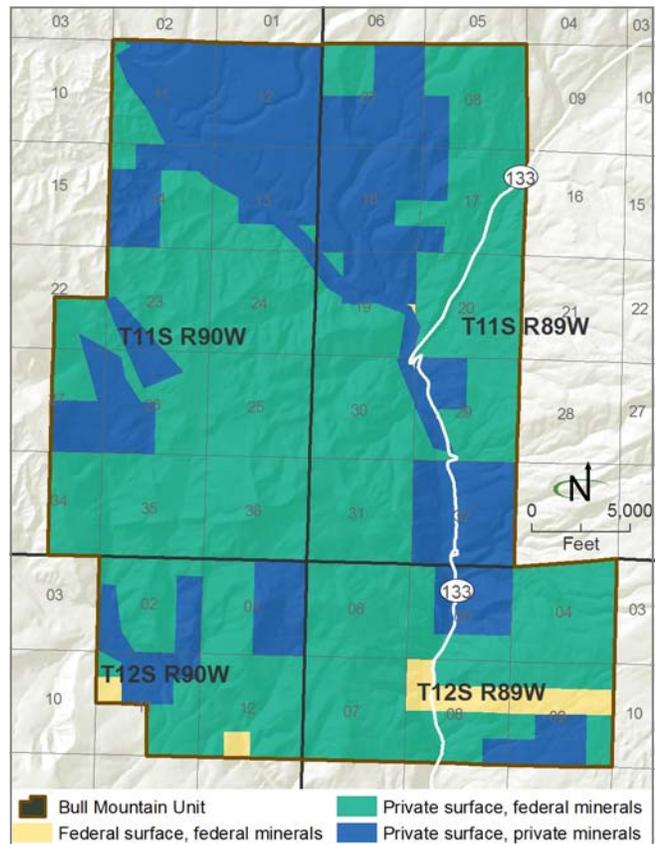

The Bull Mountain Master Development Plan (MDP) Environmental Impact Statement (EIS) continues to move forward. Recently, some additional resource information became available and the BLM has chosen to incorporate it into the EIS. As a result, the Draft EIS will be released and available for public comment in November 2014. **Please refer to the project website for future updates and to download documents associated with the Bull Mountain MDP EIS.**

http://www.blm.gov/co/st/en/BLM_Information/nepa/ufo/Bull_Mountain_EIS.html

Draft EIS Availability

Once the Draft EIS is released, public copies will be available for download on the project website referenced above. The BLM will not be mailing hard copies of the Draft EIS to the public. All printed versions of the Draft EIS will be available for public review at the Montrose BLM Field Office. Information regarding the physical locations of the publicly available copies will be included in the newsletter advertising the release of the Draft EIS. Special requests can be submitted to the project email address for a digital copy of the Draft EIS on a CD. The BLM strongly encourages the public to download and review the Draft EIS from the project website.

Mailing List Update

The BLM is happy to continue providing project updates to all of those who have requested to be on the Bull Mountain MDP EIS mailing list. If you would like to be removed from the mailing list, update your address. If you prefer to have updates sent electronically, please send your request, full name, address, and email address to: bullmtneis@blm.gov
