## INFORMATION NOTICE

The following information applies to pages 081 and 097 of the March 21-22, 2018, *Notice of Competitive Oil and Gas Lease Sale*.

On Page 081, the reported acreage for Sublette County is incorrect. Sublette County does not have any acreage listed for this lease sale (see attached page corrected).

On Page 097, some of the parcels listed have a corrected parcel number (see attached page corrected).

Please address any questions you may have regarding the information in this Notice to me at the letterhead address or you may contact me by phone at 307-775-6176.

Chris Hite  
Chief, Branch of Fluid Minerals Adjudication

## SPECIAL LEASE NOTICE

### **Worland Lease Notice 1041**

### **Cody Lease Notice 1041**

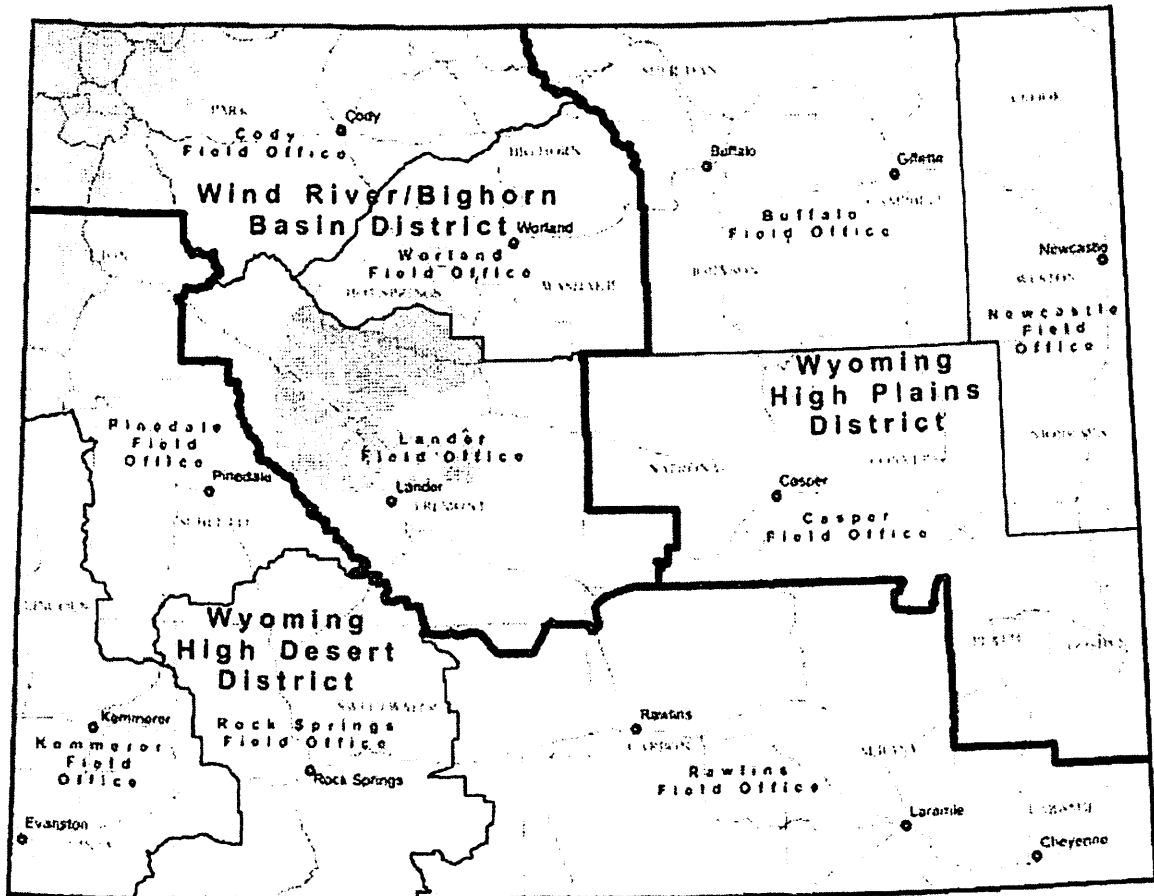

Lease Notice. Require water monitoring plans for new activities resulting in surface discharges of water to track changes in receiving channels and to minimize adverse impacts to watershed health. If adverse impacts to receiving channels or watershed health occur, require development and implementation of water management plans which include reclamation strategies and mitigation to address impacts.

Avoid BLM-authorized activities and infrastructure such as unlined impoundment ponds/pits, reserve pits, and evaporation ponds that could result in the contamination of sensitive water resources, including Source Water Protection Areas identified in Wellhead or Source Water Protection Plans approved local governing bodies and “High” and “Moderately High” sensitivity aquifer systems identified through the use of the Wyoming Groundwater Vulnerability Assessment Handbook or similar document as updated over time to the maximum extent possible. Where such activities or infrastructure cannot be avoided, apply mitigation to reduce potential impacts on a case-by-case basis.

#### THIS NOTICE APPLIES TO PARCELS:

WY-181Q-145, WY-181Q-146, WY-181Q-150, WY-181Q-151, WY-181Q-152,
