**KANAB FIELD OFFICE**

The Bureau of Land Management (BLM), Paria River District, Kanab Field Office is developing a Travel Management Plan (TMP) for travel routes and route uses in the Paunsaugunt Travel Management Area (TMA). This TMA covers approximately 185,950 acres of BLM managed land in Kane County, Utah.

Public input is essential to designate a travel system that provides appropriate access to and across public lands for a variety of uses including recreation, hunting, grazing, mineral exploration, and energy development. We need your input to help ensure that the route inventory is accurate and complete as well as to capture any other factors or criteria that you think should be considered. General comments are not as helpful as are specific comments.

Comments and related personal-identifying information will be subject to disclosure under the Freedom of Information Act (FOIA) and comments may be published as part of the Environmental Assessment (EA) and other related documents. Individual respondents may request confidentiality. If you wish to withhold your name, street address, or email address from public review and disclosure under the FOIA, you must state this prominently at the beginning of your written comment. Such requests will be honored to the extent allowed by law. All submissions from organizations or businesses will be made available for public inspection in their entirety. **The BLM will not accept anonymous comments.**
